

THE VERNON RECORD

Semi-Weekly—Tuesdays and Fridays

VOLUME 13.

VERNON, WILBARGER COUNTY, TEXAS, TUESDAY, JUNE 28, 1921

NUMBER 48

WILBARGER RANKS WITH BEST WITH ROAD EQUIPMENT

County Judge and Commissioners Find Highway Machinery Equal To Any In State—Will Improve Means of Maintenance—Proposed Truck Law Comes In For Criticism.

Wilbarger county ranks with any other in the State in the matter of road machinery and equipment it possesses, in the opinion of the county judge and commissioners who attended the State convention in Fort Worth last week. In only one respect, that of maintenance, was this county lagging and measures are now under consideration to remedy this shortcoming.

"The trip was a most instructive and profitable one," said Judge E. L. McHugh, "and we were convinced that our county is the equal of any of the others in the matter of being equipped to build new roads. We learned several new phases in connection with road work, and were confirmed in other opinions that we already held."

Conducted Demonstration.

A demonstration of road work and machinery was conducted for the benefit of the visiting delegates. General duties and problems of county judges and commissioners were also fully discussed. The convention took place in Fort Worth Wednesday, Thursday, and Friday.

Another important matter considered by the convention was in regard to the new proposed truck law for Texas. This measure, which has aroused a storm of protest in every part of the State, was discussed from every angle. Judge E. L. McHugh spoke on the subject, and the opinion expressed by the local official was heartily endorsed by R. F. Johnson, State representative from this district.

Law Needs Remedying.

According to Judge McHugh, the truck law should be aimed at a somewhat different angle from that which it has assumed. The contention of the magistrate is that roads are constructed to bear a certain weight, and all extra burdens above that amount are what causes damage. If the county builds a highway intended to support up to and including five ton trucks, it is the conveyance above that weight that causes the road commissioners grief.

Therefore, said the judge, the problem to be considered is that of either prohibiting these heavy trucks or making some provisions for their travel. The consensus of opinion at the convention appeared to favor more trucks built to carry lighter loads. In this way, it was thought, county roads can be kept open for travel more effectively.

A committee was appointed at the convention to confer with similar bodies from other organizations of the State at a meeting in Dallas the end of this month concerning the truck law. Recommendations will be made to the Legislature.

START DEEPENING TRIANGLE.

Work At Taking Hole Further Down Commences Monday Evening—Other Wells Drilling.

Work at actually deepening the Triangle hole on the holdings south of town commenced Monday evening. Thus far since operations have been resumed, efforts have been directed at cleaning out the hole in preparation for further drilling.

It was necessary to remove the liner before recommencing drilling, and this let in expected cavings. This debris has been thoroughly cleaned out, and the hole is being taken down.

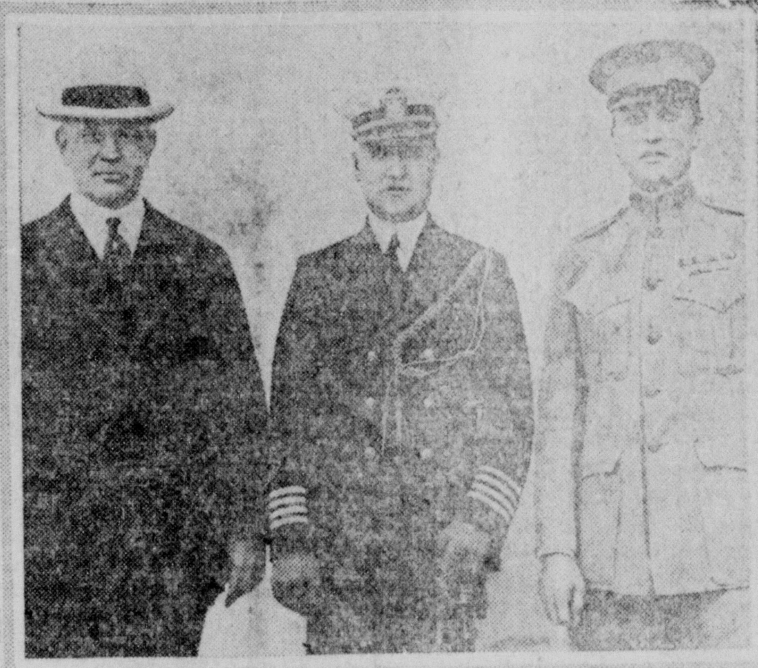

The Texhoma test, east of town, is down in the neighborhood of 1,500 feet. No unusual showings have been encountered, and drilling is progressing satisfactorily.

The Gene well, being drilled by the Sigler Company south of town, is down about 1,800 feet. The management expects to finish the contract depth on this hole.

Oklahoma School Election Carries.

School bonds placed before the voters of Oklahoma school district Saturday, June 25, carried overwhelmingly. A proposition to increase the tax rate not to exceed one dollar carried twenty-six to one, and a second measure calling for the issuance of \$15,000 in bonds carried twenty-five to two.

SECRETARY OF NAVY WITH HIS NEW AIDES.

This is the first photograph of Secretary of the Navy Denby with his two aides. Left to right: Secretary Denby, Captain David Sellers, U. S. N., and Colonel David D. Porter, U. S. Marines.

DOANS PLEDGES 991 BALES OF COTTON

SHOWING OF COMMUNITY LAST NIGHT IS BEST THUS FAR IN COUNTY.

Farm bureau workers at Doans last night obtained pledges for 991 bales of cotton for the million bale pool in process of formation for Texas by July 1. There were thirty-five farmers present and thirty-five contracts were signed. This is the best showing from any Wilbarger county community thus far.

Wilbarger's quota in the drive for cotton will probably be more than 10,000 bales, according to the county agent. Thus far about 3,000 bales have been turned in. Most of the canvassing is being done by persons in the respective communities, and the harvest season is hindering considerably in the campaign. The fact that Wilbarger county started late on its work of obtaining cotton contracts is another hindrance.

Foard County Over Top.

T. M. Hancey, president of the Foard county bureau, is in Vernon today and declares that every cotton farmer in his county with the exception of twenty-one have signed contracts. These wayward ones are expected within the fold before the first of the month.

Foard county's quota is 6,000 bales, and thus far 7,000 bales have been obtained.

RETURN FROM FISHING TRIP.

Party Of Vernon People Were Encamped Seven Miles From Snow Line In New Mexico.

A party of Vernon people have returned from Gallinas Canyon, New Mexico, where they spent two weeks on a fishing trip. They are Mr. and Mrs. E. W. Hampton, Mr. and Mrs. W. S. Lundy, and Mr. and Mrs. W. K. Kester.

Visits were also paid to Eagle's Nest Lake and Cimarron Canyon. The trip was made in three cars, two Dodge cars and a Chalmers. The party was encamped at one time seven miles from the snow line and heavy blankets were necessary for warmth at night. At noon the sun beat down with considerable intensity, however.

There were plenty of fish, according to Mr. Hampton. Mr. Lundy caught the largest of any of the others, his prize being a three and one-quarter pound trout measuring nineteen inches long. The "fish that got away" was also on Mr. Lundy's hook, and there is the solemn affirmation that it was three feet long. Others in the party met also with good luck in fishing. Roads were fine, said Mr. Hampton, and good time was made.

Home From Ward-Belmont.

Miss Dorothy Hicks, daughter of Mr. and Mrs. E. P. Hicks, returned home Sunday afternoon after a visit of several weeks in Springfield, Tenn., with her roommate, Miss Elizabeth Garner. Miss Garner accompanied Miss Hicks to Vernon. Miss Hicks has been in attendance at Ward-Belmont College the past year and graduated with high grades from the academic department of that school.

Boys Prize Car.

A five passenger Paige was purchased last week by Cliff Jarvis from the Works Auto Supply Co.

TRACTORS PLOW NEAR FAIRGROUNDS

DEMONSTRATION CONDUCTED SHOWS PREPARATION OF GROUND FOR PLANTING.

A five acre patch immediately east of the fairgrounds was the scene of much bustling and activity yesterday during the demonstration of Fordson tractors and farm machinery by Napier Bros. Motor Co. The exhibitions commenced at 10 o'clock in the morning and continued until 4 in the afternoon. Lunch was served on the grounds at noon.

The process of preparing ground for planting was gone through by tractor operators for the benefit of a considerable group of spectators. A three disc plow was pulled over the ground, a Cult-Packer double action disc harrow immediately following, and then a grain drill was sent around. Eight acres a day is the average amount of ground that can be plowed with one of the machines, and at the present prices of fuel and lubricating oil the cost is about 25 cents an acre. The tractor, it is said, takes the place of six mules.

A feed mill was also run with the tractor, and a demonstration given of its mobile power. Messrs. Hinson, Wheeler, and Atwood, representatives of the Ford Motor Co. and Morris Bros. Implement distributors, assisted the local firm in conducting the demonstration.

PARKS K. WESTMORELAND WEDS Former Vernon Boy, Son of Mrs. J. E. Collins, Is Married In Media, Penn., June 22.

Parks K. Westmoreland, a former resident of Vernon and son of Mrs. J. E. Collins of this city, was married to Miss Edythe Martha Vernon Wednesday, June 22, according to announcement just received here. The wedding was a quiet one and immediately after the ceremony the young couple left for Washington, D. C., and Virginia where they will spend their honeymoon. They will make their home in Philadelphia, where Mr. Westmoreland is a branch manager of the McQuay-Norris Manufacturing Company.

Mr. Westmoreland was born and reared in Vernon and is a graduate of the local high school. He will be remembered by a great many persons here. It has been about two years since he visited his mother and friends in this place.

RAISES ELBERTA PEACH WEIGHING SIX POUNDS

A peach weighing six pounds and measuring nine and three-quarters inches in circumference is a product from the small orchard of Walter Ladd living on East Texas street. The fruit is cling and free stone mixed and is beautifully colored. It is of the Elberta variety.

Mr. Ladd gathered three bushels of peaches from his earliest trees. He raises the fruit for his own use. He has had good success for several years.

Farmers Holding Cotton.

There are about 460 bales of cotton in the local warehouse, according to J. W. Brock, manager. That in storage is moving very slowly. Seventeen bales were shipped out Monday, but this was the first activity of this sort for several weeks.

ENCAMPMENT FOR CLUB GIRLS TO BEGIN WEDNESDAY

Preparations Are Made To Care For Forty-Five at Allingham Park—Program Provides Entertainment For Each Hour of Every Day—Mrs. Phoebe K. Warner Will Speak.

Forty-five girls have signified their intentions of attending the home demonstration camp which commences tomorrow and continues three days, and preparations are now made to care for them at Allingham Park in the west portion of town. An elaborate program has been carefully prepared by the county agents, and every hour for the entire camp will have its assignment.

Mrs. Phoebe K. Warner, special writer for the Fort Worth Star-Telegram, is one of the speakers on the program, and local citizens will also be called upon to talk to the girls. There will be a musical program by local talent.

Sufficient equipment is now on hand for the camp. The girls will bring certain of their clothes and part will be furnished by the home demonstration department.

Following is the program that will be observed during the club girls' encampment.

Program For Encampment.

WEDNESDAY, JUNE 29—10 a. m.—Meet at Library and go to Camp Grounds.

11 to 11:45 a. m.—Address by W. N. Stokes.

12 to 1 p. m.—Dinner.

1 to 2 p. m.—Quiet hour.

2 to 4 p. m.—Band making by Miss Kittie D. Washington.

4 to 6 p. m.—Trip to printing offices and stores.

6 to 7 p. m.—Supper.

7:30 to 9:30—Musical program by local talent.

Taps.

THURSDAY, JUNE 30—5 a. m.—Rising.

5 to 7 a. m.—Bike and Swim.

7 to 8 a. m.—Breakfast.

8 to 8:30 a. m.—Singsong.

8:30 to 9 a. m.—Talk by Mayor and by Judge McHugh.

9 to 10 a. m.—Keeping the Record Book by Miss Millie Halsey.

10 to 11:30 a. m.—Standard Packs by Miss Bess Edwards.

12 to 1 p. m.—Dinner.

1 to 2 p. m.—Quiet hour.

2 to 3 p. m.—"Other Girls" by Mrs. Jennie Newby.

3:30 to 3:45 p. m.—Making curtains for girls rooms.

3:50 to 6 p. m.—Trip over city and to Kell Mill.

6 to 7 p. m.—Supper.

7 to 7:30 p. m.—Games and contests.

7:30 to 9 p. m.—Picture show.

Taps.

FRIDAY, JULY 1—6 a. m.—Rising.

6:15 to 7 a. m.—Sunrise Service by local ministers.

7 to 8 a. m.—Breakfast.

8 to 9 a. m.—Physical Education.

Health talk by Miss Rose Ellmann.

9 to 11 a. m.—Talk to girls by Mrs. Phoebe K. Warner.

11 to 12 a. m.—Work on booklets or curtains.

12 to 1 p. m.—Dinner.

1 to 2 p. m.—Quiet hour.

2 to 3 p. m.—Singing, etc. Music by Dr. A. P. Howard.

Disbanding.

Program Of Music.

Following is a program of music that will be rendered for the girls Wednesday evening at 7:30.

Orchestra, Soloist—Goetze's Junior Orchestra.

Solo, "Give a Man a Horse He Can Ride," O'Hara—Mr. Edwin Lisman.

Piano solo—Mrs. W. H. Huggins.

"One Floating Hour," Dorothy Lee—Mrs. A. H. Murchison.

Solo dance, Scotch Highland Fling—Miss Thelma Sherrill.

"Where My Caravan Has Rested," Lohr—Miss Mildred Young.

Reading—Mrs. C. J. Farrell.

(1) "Swing Low Sweet Chariot."

(2) "I Got Shoes, You Got Shoes."

—Messrs. Gus Ramage and Jed Morrow.

Builds Cement House.

F. B. Elliott is building a cement block house in the Wheatley addition, on the country club road. It will be a four room residence.

UNCLE SAM'S LATEST WAR TANK IS A WATER BUG.

A new caterpillar tank was successfully tried out at Stockton, Cal., recently by U. S. Army officers. The photograph shows the tractor as it appeared while executing test maneuvers in water at the Holt Testing Grounds. An army officer directs the single mechanic who operates it. The new tractor can go under water and has a periscope, with which the engine breathes. The caterpillar can go thirty miles an hour on land and carries a three-inch gun. The photo shows the tractor in stream, with army officer and mechanic during the Government test.

ICE RANGES FIFTY CENTS IN PRICE

COMMODITY FOUND TO BE CHEAPEST IN SOUTHERN PART OF STATE.

There is a range of fifty cents in the retail price of ice in Texas cities of the 5,000 to 15,000 class, according to figures compiled by the local Chamber of Commerce. Electra, with ice quoted at one dollar a hundred pounds delivered to the consumer, tops the list, and Orange and Eagle Pass, separated by the width of the State between the Rio Grande and the Sabine River, deliver ice to the family boxes for fifty cents a hundred.

In Eagle Pass ice is sold at the factory for forty cents a hundred. Sixteen of the twenty-five towns that responded to questionnaires sent out from here reported that ice is sold to businesses at the same price paid by housewives. Geographically speaking, ice is higher in the Panhandle-Plains section of the State, and cheapest in South Central and South Texas towns.

The questionnaires sent out included also requests for information on electric light and current rates as well as water and sewer rates. Tables are being compiled to cover these figures.

MORROW WINS TOURNAMENT.

Victory Over Colley In Finals Friday Nets Local Chamber Manager Championship.

Jed Morrow is champion golfer at Hill Crest Country Club by virtue of his defeat Friday afternoon of Hub Colley 123 to 144 in the finals of the tournament for the president's trophy. The score represents play over eighteen holes.

Morrow's victory came as the result of steady, consistent play all through the tournament. There is nothing flashy in the Chamber manager's style of play, but his strokes are usually of the same calibre. The entire tournament was played over but two holes of the course.

Plans are under contemplation for the commencement of another tournament in about three weeks.

WILL STUDY COURSE OF 12 LESSONS IN PRAYER MEETING

A series of twelve lessons on the subject "The Bible" will be begun at the Central Christian Church Wednesday night at 8:15 o'clock. Gus Ramage, pastor of the church, will have charge of the course and will conduct the prayer meetings by means of informal discussions.

The subjects of the twelve lessons will be as follows: "How we got our Bible, How to study the Bible, How to read the Bible, The Old Testament confirmed, The New Testament Evidenced, God's purpose in the Old Testament, God's purpose in the New Testament, Inspiration of the Bible, The Bible as literature, The Bible as education, The Bible in the home, The Bible and character.

To Have Lawn Party.

There will be a lawn party and a business meeting of the Epworth League of the Methodist Church on the church lawn at 8:15 o'clock tonight.

WOMEN PLAN 4TH OF JULY PROGRAM WITH PATRIOTIC LEADS

Albert E. Robinson Post Of American Legion and Junior Chamber of Commerce Co-operating to Make Nation's Birthday In Vernon Memorable—Dinner at Fair Grounds.

Vernon will celebrate the Fourth of July. This is something new for Vernon—not that celebration have not been staged. However, heretofore, these undertakings have been of a private nature, and not for many years has a general patriotic celebration been attempted.

It is to the women, too, that thanks must be given for taking the lead in this year's patriotic pageant, the women of Wilbarger county. They are being assisted by the Albert E. Robinson Post of the American Legion and the Junior Directors of the chamber of commerce.

Plans include a patriotic parade, which will start from the high school building on West Paradise street, going thence to Main street, and north on Main to Texas street, where the procession will turn west to the County Fair grounds.

This parade will be headed by the marshal of the day, followed by musicians. Next will come the girls who expect to take part in the patriotic drill. Members of the local American Legion Post will come next, followed by Confederate veterans. Behind these will come decorated automobiles, after which cars in "every day costume" will fall in.

Citizenship Day Program.

R. H. Bratton has been appointed marshal of the grounds, and he requests that when automobiles enter the county fair grounds they park to the right of the road, leaving the grove of trees for a lunch ground. Dinner will be in the form of a basket picnic; however, for those who do not care to prepare anything to eat, there will be a booth at which sandwiches and ice tea can be purchased.

As soon as the parade reaches the fair grounds, every one is requested to go immediately to the grandstand, in front of which will be a "Citizenship Day" program. This will include a flag drill by young women from various sections of Wilbarger county, a sing song led by Gus Ramage and accompanied by Mrs. Roy McConline's orchestra, an address of welcome and an introduction of the speaker of the day by Mayor Harry Mason. Rev. E. L. Moore, pastor of the Presbyterian Church, will deliver the address.

\$10 For Best Decorated Car.

A continuous program is being planned, including a parade by decorated automobiles around the race track. Ten dollars will be paid to the best decorated automobile, and \$5 for the second best. There will be trick riding, a gun drill, the flag drill, and baseball. Patriotic music will be played throughout the day.

Every citizen in the country is asked to repeat "America's Creed," which will be read by Gus Ramage. This is done at request of the National Government. A charge of 25c will be made to help defray the expenses of providing a program for the Nation's birthday, the women in charge feeling that this sum is nominal, and they were unable to undertake the Fourth of July celebration on any other basis.

Marriage Licenses Issued.

Marriage licenses were issued June 23 to Monard Spikes and Miss Laura Hamilton of Electra, June 24 to J. P. Tolbert and Mrs. Melissa Snow of Oklahoma, June 25 to K. W. Collins and Miss Mary Abbie Roulston of Goodlet, June 25 to Raymond Walde and Miss Roselyn Baird, June 25 to J. B. Leverett and Miss Daisy Moody of Harrold, June 25 to H. L. Leverett and Miss Janie Mae Hampton of Harrold, June 27 to Paul G. Kneschke and Miss Mary Lowe, June 28 to Smith Nixon and Mrs. Jean Rush.

Boy To Covingtons.

A ten pound boy was born this morning to Mr. and Mrs. W. D. Covington living in north Vernon.

Undergoes Serious Operation.

Mrs. Bob Roark of Wildcat underwent a serious operation Sunday. Her condition today was reported as satisfactory.

MORE'S THEATRE PROGRAM

CONTINUOUS SHOWING—TODAY—TUESDAY.

A Miraculous, Side-Splitting Comedy.

DOUGLAS MacLEAN'S greatest story.

"CHICKENS."

Hatched in a nest that was feathered with millions, he imagined chickens grew on the plants—but he met her—and set the whole town cackling.

Also Sunshine Comedy, 2 parts—"VERSE AND WORSE." Regular admission 30c, 25c and 10c.

Wednesday, Matinee and Night.

MACK SENNETT presents

"LOVE, HONOR, AND BEHAVE."

featuring Ford Sterling, Chas. Murray, Marie Provost and 20 others in 5 ripping reels.

Also Chester Comedy, 2 parts—"A TRAY FULL OF TROUBLE" with "SNOOKY, THE HUMANZEE."

Thursday:

MAURICE TOURNEUR production

HOPE HAMPTON in "THE BAIT."

(The Texas Girl). Also 2 part Educational Comedy.

Friday—Special picture "Paying the Piper."

3,918,139 WHITE PEOPLE IN TEXAS

1920 CENSUS SHOWS INCREASE OF 712,288 DURING TEN-YEAR PERIOD.

Washington, June 27.—The white population of Texas numbers 3,918,139, an increase of 712,288 compared with ten years ago. The total population of the State, 4,063,228, is an increase of 860,686. The negro population of Texas as shown by figures from the Bureau of the Census numbers 741,728, an increase of 51,674 during the ten-year period. Indians to the number of 2,110 are an increase of 1,498; Chinese 776, an increase of 181; Japanese 449, an increase of 109, while all other races in the State numbered 34, which was an increase of twenty-six during the ten-year period. Mexicans are listed as "white."

Indians Heavy Decrease.

There was a heavy decrease recorded in the number of Indians throughout the United States, accounted for by the enumeration as Indians in 1910 and as white in 1920 of persons having only slight traces of Indian blood. Of the total decrease in the Indian population so recorded, the greatest drop is recorded for Oklahoma, where there are Indians to the number of 55,949, according to the 1920 census as against 74,825 in 1910, a decrease of 18,876. These figures will not harmonize with those of the Interior Department, which lists all as Indians having a certain degree of Indian blood.

The white population of Oklahoma numbers 1,822,541, an increase of 378,000, while the negro population is 149,407, an increase of 11,705.

Negroes Decrease in South.

While the greatest number of negroes reside in Southern States, its percentage of increase in this race is far less than that for the North and West. In the South there are nearly 9,000,000 negroes, an increase of less than 2 per cent compared with 1910. In Northern States there are 1,472,000, an increase of 43.3 per cent, and in the West 78,591, an increase of 55 per cent.

COUNTY FARMERS WORK STRENUOUSLY

DAYLIGHT TO DARK IS SPACE DEVOTED FOR BRINGING IN HARVEST.

Sixteen hours a day is characterizing work on Wilbarger county farms the past few weeks, and it is probable this strenuous activity will continue for at least two weeks longer. Harvest has been completed and threshing is well under way. The time for labor does not extend from one certain hour to another, it is now from daylight to dark in a determined effort to "bring in the sheaves" before another rainy period sets in.

Wet weather of several weeks ago necessitated the cultivation of row crops, and this has served to add a tremendous burden to the already over-loaded shoulders of the agriculturists. Fair weather for the past week, however, is proving a powerful ally, and from present indications county wheat will be brought in with good success.

All Share In Labor.

The work is not being limited to only human hands and bodies. Horses and mules are sharing in the harvest season and evening on the farms finds these dumb brutes all but exhausted. The work is proceeding with facility, however, and ere long the animals and their masters will have completed the most severe of their toil.

Aside from wheat, Wilbarger crops are showing splendidly. Present prospects indicate that corn will produce a bumper yield and feed crops are appearing similarly flourishing. Rains several weeks ago evidently provided the requisite amount of moisture for the life of these products, and indications are that they will parallel anything before grown in this section.

Wheat in Wilbarger county in some instances has yielded surprisingly. J. W. Overton, living southeast of Oklahoma, is reported to have threshed out 1,000 bushels on forty acres.

Notice To Taxpayers.

The Commissioners Court of Wilbarger County, Texas, will convene at the Court House in Vernon, Texas, on Monday and Tuesday, June 27 and 28, 1921, as a Board of Equalization to equalize the taxes for the year 1921, and this is to notify you to appear before said Court on said dates to show cause, if any you have, why the valuation of your property should not be raised.

GO TO THEATRE

At More's Theater.

Today—Douglas MacLean in "Chickens."

Again we have the privilege of seeing the popular star of "Twenty-three and-a-half Hours Leave," and "The Rookie's Return." He has with him this time, however, not Doris May, but Gladys George.

Wednesday—"Love, Honor and Behave," a Mack Sennett production. Yes, it is a comedy, but a comedy with a story plot, a bit of pathos and a great deal of human interest.

Thursday—Hope Hampton in "Bait."

A girl is accused of a crime she did not commit and on her way to arrest she is rescued by a man who becomes her guardian. She later learns that he is a crook who has introduced her to a millionaire in order to use her in robbing him. But she falls in love with the millionaire and spoils the plot of her guardian.

At the Pictorium.

Today—Alma Rubens in "Thoughtless Women."

This is a story of a girl and her mother and the vain desires of the latter which lead the daughter into the shambles of the society which she loathes. The mother of this tale is an exception because she causes her daughter sorrow rather than happiness.

Wednesday—H. B. Warner in "Dice of Destiny."

"Dice of Destiny" deals with a gang of crooks and has much the nature of "Alias Jimmie Valentine." One of the gang is a girl, the daughter of the leader, and the love affair between her and Jimmy is the uplifting part of the story.

Thursday—Madge Kennedy in "The Highest Bidder."

This picture tells the story of a girl condemned by circumstances to wed a wealthy man for his money alone. As luck would have it she really does fall in love with him, but unfortunately he thinks she is in love not with him but with his money.

Boy To Mr. and Mrs. Byrd.

A boy was born Saturday to Mr. and Mrs. Louis Byrd.

L. G. Hawkins returned Saturday from Dallas.

Mr. and Mrs. E. E. Westmoreland and two little sons, Earl, Jr., and Pat, of Antlers, Okla., drove to Vernon last Wednesday to visit Mr. Westmoreland's mother, Mrs. J. E. Collins, for a short time.

HELP VERNON CELEBRATE

An ALL-COUNTY celebration is planned at the County Fair Park in Vernon—by Women of the county, Albert E. Robinson Post of the American Legion, and Junior Directors of the Chamber of Commerce.

MONDAY, JULY FOURTH

A big PATRIOTIC PARADE from the High School building to Fair Grounds Monday morning begins a day of patriotic entertainment. In the grand-stand there will be a community sing song; while in front will be a flag drill, patriotic speaking and music, trick riding, and other features of interest.

\$10 For Best Decorated Auto

Ten Dollars will be paid for the best decorated automobile; with a second prize of \$5. Bring your dinner and come; or, if you prefer, buy a sandwich at the Fair Grounds.

Bids will be received by E. M. Haney for the right to sell Ice Cream, Confections, and other Concessions.

Celebrate July 4th--AMERICA'S BIRTHDAY

A MIGHTY OFFER

THE ENTIRE STOCK OF

MISS J. L. MURRAY

STARTS FRIDAY, JULY 1
AT 9 A. M.

VERNON, TEXAS

AND LASTS 10 DAYS

Has been placed in charge of the HARRIS SALES COMPANY of Dallas, Tex., to be sold in the quickest possible time.

We Never Meet Prices

But we do always sell for a good deal less than most others and you will find one of the best-assorted stocks of Ladies' Ready-to-Wear, Millinery and Furnishings ever offered at such ridiculously low prices, that you will be utterly surprised. We were lucky to be on the job a few months ago and bought our own pick of the best and at a very reasonable price. Every dollar's worth of this merchandise and the new shipments that are arriving every day will be placed on sale at prices that will surprise you. Don't fail to be here on the opening day and get the pick of our stock.

Attention, Ladies

We know that every lady in Wilbarger County knows this stock, and we realize the futility of an attempt to put in words a description of the merchandise and shall desist from laying any unnecessary tress upon you for by attempting to itemize our values. We want every lady who wants to be well dressed and who has the slightest intention to economize, to investigate this most unusual proposition. These are potent arguments to use to bring you to our store, aren't they? But we can't be to emphatic. Come here expecting to find the best values ever offered; you won't be disappointed; your expectations will be far exceeded in every instance. Everything going at sale prices—nothing reserved.

REMEMBER THIS

We want each and every person reading this circular to know and understand that we are not putting on this sale for the profits that could be made, but that it's only purpose is to reduce stock and make room for our new fall merchandise that will arrive in next few weeks. This is not one of the "Every Month Sales" or the "Hip-Hip-Hurrah Sales," but an Honest to Goodness Sale for you and your friends.

Come Every Day—Something New All The Time.

For Lack of Time and Space We Can't Mention Many Prices

Values You Can't Beat in Coat Suits.

\$35.00 values going at\$16.50
While they last.

One Lot of Georgette Blouses.

\$15.00 values going at\$7.50

One lot Crepe de Chine Blouses,
\$17.00 values going at\$10.00

Nice Selection of Spring Coats.

Choice up to \$35.00, going at **\$.12.50**
Choice up to \$65.00, going at **\$.30.00**

Some Real Values In Hose.

\$5.00 values going for\$3.00

Regular \$2.50 values in Black, White
and Brown, while they last\$1.35

Values up to \$30.00, your choice,
while they last\$7.50

Don't Overlook Our Line of Millinery.

One lot of Hats, your choice...\$1.00

One lot, values up to \$15.00, while
they last, going for\$5.00

Our Entire Stock

You will not find any undesirable or damaged merchandise. Everything is fresh and up-to-the-minute. We are preparing some big surprises for you in our big sale. Our pledge is to uphold our motto of: "Quality at a Cheaper Price," without exaggerating enables us to say that we have received many statements to the effect that this motto has greatly reduced the cost of living, and we are prepared to continue our pledge.

Reason For Our First Sale

On account of unpredicted business, we realized several weeks ago it was either cancel some of the season's orders or sell the goods. We have taken the best course and that is to sell the goods. Right in the heart of the season when merchandise should bring big profits—but we are going to sell the goods at prices that will move them in a hurry, because we need the room and prices made right will make room. The people of this county know that what we advertise we have, and what we say we do, and let us impress upon your mind now as never before that this is our first and greatest effort we have ever attempted to have put forth in an event of this kind. Don't fail to be here when Harris opens the doors to the big Honest to Goodness bargains. It's your opportunity to save and remember that every dollar saved is a dollar made.

Mr. F. L. Harper Personally in Charge of Sale

Free! Free!

On opening of our doors Friday morning the manager in charge of sale will give to the first 25 people entering the store an envelope and in these envelopes will be an order for some article in our store, such as Waists, Hose, \$1, \$2 and \$5 bills. Only one to each person and none to children. Be on time and get yours. You may get one of the \$5 bills.

Vernon, Texas, Tuesday, June 28, 1921.

DISARMAMENT NOT THE CURE.

Undoubtedly disarmament is not the
sort of protection the United States
must have—if we are to live in a world
of nations armed to the teeth. Admit-
ting that we must be ready to protect
ourselves, the fact remains that ex-
penditures for armament have reached
such a stage that to continue in the
mad race for martial supremacy seems
certain to precipitate the world into
bankruptcy.

America is by no means the only na-
tion whose statesmen are beginning to
understand that there is death at the
end of the race for military and naval
supremacy. As a result, it seems rea-
sonable to suppose that other nations
would welcome some idea looking to a
general disarmament. Indeed, many
European statesmen have let it be un-
derstood that this is their attitude.

After all, the question of armament
is relative. What would have made a
nation the first military power in the
world a decade ago would give very
low place now—so amazing has been
the growth of engines of destruction.
And if some plan of disarmament could
be agreed upon—and The Record is
loath to believe that we are blindly set
in our mad race—a nation might be
adequately armed with an expenditure
only a fractional part of that now con-
sumed at the shrine of the God of War.

No less an authority than General
Pershing has said the nations must
choose between disarmament or death.

According to the Tribune-Chief,
Quinn has had more than 15 inches
of rainfall this month. It is said wheat
suffered greatly. Storms are reported
in Donley county, Randall county, and
in many banner North Texas counties.
Wilbarger seems to have come nearer
getting "just the right amount of rain"
than any of our neighbors.

THE SIX-HOUR DAY AGAIN.

The American Federation of Labor
again vindicated its sanity when it re-
fused to endorse the proposition of the
Seattle Trades Council insisting upon a
six-hour day with no over-time in in-
dustry. Another evidence of sanity is
the refusal of the convention to go mad
over the question of freedom for
Ireland.

These actions are evidence that the
radicals do not yet control the Nation-
al labor federation—no matter how
strong they may become in local unions
at isolated places.

No over-time in industry is even more
visionary than the six-hour day. It
may be possible to speed up industry
so that the world's work can be accom-
plished by working six hours. We are
far from that now, and the idea of a
majority of the proponents of the six-
hour day seems rather to do as little
as possible than as much—at the same
time demanding as much pay as for
working eight hours.

The practical man will find it hard to
recognize the idea of no over-time in
industry with efficient production; al-
though the production manager who
can get satisfactory results with no
over-time on any occasion will un-
doubtedly be efficient.

America is face to face with an in-

dustrial conflict which is going to be no
less grimly contested than was the
Great War. It would be unfortunate
to go back to the old days when men
worked twelve hours, and longer—nor
is such necessary. On the other hand,
too little work is no less an evil than
too much.

If the rumors of pirates off Cape
Hatteras are true, it is just another
evidence that we are getting back to
the "good old days," for which so many
pine.

MORE TRADE TERRITORY.

Vernon can secure more trade terri-
tory in two ways—one, by getting more
farmers in Wilbarger county; the other,
by building a bridge, or bridges, across
the Red river. Why shouldn't both
plans be pursued?

In Wilbarger county there are many
farms of from one to three thousand
acres. To say that such a condition
handicaps development is to speak a
truth universally recognized. Tenants
farm the greater part of these immense
holdings, and under the most favorable
conditions, the tenant system curses
the soil.

It should be the definite aim of bank-
ers, business men, and farmers to have
another thousand farmers in Wilbarger
county by 1930. To do this will
require systematic effort to let the
world know how productive Wilbarger
county is, and to provide roads over
which our farmers may haul in wet
weather or dry their cotton, wheat or
alfalfa; their cream, chickens, and hogs
to markets which we must provide. The
only question is, are we big enough for
the undertaking?

Another way to make our people more
prosperous is to construct the long-
talked-of bridge, or bridges, across the
Red river. Such a passage way would
bring hundreds of tourists through Ver-
non. More important than that, these
bridges would result in bringing to
Vernon, Odell, Oklaunion and Harrold
much trade that now goes elsewhere.

Today isn't too soon to begin these
enterprises.

The law spoiled a wonderful love
story out at Lubbock, when a prisoner
accused of murder was sentenced to
serve 14 years in the penitentiary, de-
spite the fact that he married the
State's star witness just before the trial
started.

"Nothing socialistic about it," insist
those members of the American Federa-
tion of Labor who urged government
operation of the railroads and all other
primary industries. A great many men
agree that there wouldn't be anything
"socialistic" about such a program very
long, because there wouldn't be any-
thing to socialize.

WOULD EDUCATE TEXANS
TO BUY WITHIN STATE

From \$300,000,000 to \$500,000,000 is
spent annually by Texans for out-of-
state products which could be bought
from within the state, according to fig-
ures of the Texas Chamber of Com-
merce which is fostering a movement
to educate Texas people to the variety
and quality of Texas products. An in-
dustrial council of twenty-five Texas
business men will be appointed to carry
out this program; this body will rep-
resent every line of industry. It will
hold regular meetings and work at all
times to spread a thorough knowledge
of Texas products among Texas buyers.

"When a Texas buyer spends his
money in Texas he receives not only the
value of the goods bought but he gets
also his share of the reflected prosper-
ity which is the natural consequence
of such policy of buying from your
neighbor," says James Z. George, vice
president and general manager of the
state chamber.

Are Laying Water Extensions.

Water extensions are being laid by
the city between Lamar and Deaf
Smith streets and from W. Wilbarger
to W. Marshall streets. Extensions are
also being made from Sherman to Pine
streets between E. Wilbarger and E.
Marshall streets.

Miss Florence May returned Friday
from a visit in Fort Worth and Dallas.
Miss May visited in the latter cities
after receiving her A. B. Degree this
spring from the University of Texas.

ton Street. 1tp

TEXAS PANHANDLE
RICH IN CROPSCORN LEADS OTHER 1920 PROD-
UCTS WITH VALUATION OF
\$68,000,000.

The total value of 1920 crops in the
Texas Panhandle reached \$133,450,000,
according to figures compiled by the
local Chamber of Commerce. The
greatest amount realized from any one
product was that from corn which was
valued at \$68,000,000. Grain sorghums
were second with a valuation of \$30,
000,000.

The crops with their yields and val-
uations are as follows: wheat, 8,000,000
bushels, \$16,000,000; grain sorghums,
25,000,000 bushels, \$30,000,000; corn,
75,000,000 bushels, \$68,000,000; cotton,
95,137 bales, \$5,700,000; oats, 20,000,000
bushels, \$11,000,000; alfalfa, 250,000
tons, (estimated), \$2,750,000. This
agricultural data includes the follow-
ing counties: Armstrong, Briscoe, Cas-
tro, Childress, Collinsworth, Cottle,
Dallam, Deaf Smith, Donley, Floyd,
Foard, Gray, Hale, Hall, Hansford,
Hardeman, Hartley, Hemphill, Hutch-
inson, Lipscomb, Moore, Motley, Ochol-
tree, Oldham, Farmer, Potter, Sher-
man, Wilbarger, Wheeler, Roberts,
Carson, Bailey, Lamb, Randall, and
Swisher.

Livestock Value High.

The total value of 1920 livestock
(tax value) is placed at \$31,944,772.
The actual value is estimated at \$42,-
178,400. Numbers of livestock and
their value are as follows: horses and
mules, 151,754, \$6,433,690; cattle, 931,-
717, \$17,242,359; hogs, 92,767, \$652,406;
sheep, 70,905, \$363,398; goats, 1,077,
\$2,913.

The total value of products (crops
and livestock) is placed at \$175,628,-
400; the total value of farm property
\$283,355,000. Land, of which there
are 32,776,000 acres is valued at \$255,-
700,000 and buildings are worth \$27,-
655,000. This makes a total of \$283,-
355,000.

The total population according to the
1921 census is 172,902, and the total
bank deposits (estimated) are \$28,-
950,000.

Leads With Horses And Mules.

According to the livestock figures,
compiled, along with those on crops,
by Stuart McGregor of the Texas
Chamber of Commerce, Wilbarger leads
other counties in the Panhandle with
8,251 horses and mules valued at \$171,-
910. Other figures indicate that Wil-
barger county possesses 14,277 cattle
valued at \$367,325 and 4,903 hogs
valued at \$42,335.

TOURISTS TRAVEL EXCEP-
TIONAL IN VIEW OF TIMES

Tourist travel on railroads into and
through Vernon is increasing appreci-
ably, according to local agents, and al-
though not as heavy as this time last
year, is nevertheless exceptional in
view of the general financial condition
of the country. Denver trains through
Vernon are running four Pullman
coaches, and many inquiries concerning
routes and destinations come in daily
to both Frisco and Denver offices.

Farmers are not traveling as much
as formerly, according to one agent, but
people are on the whole are not content
to stay at home during the hot weather.

Shower At Rayland Church.

Rayland Baptists Church workers
will conduct a clothing shower Satur-
day night, July 2, for the benefit of an
orphans' home. Everyone is urged to
attend and bring either wearing ap-
parel or gifts of money. After the con-
tributions there will be an interesting
program rendered especially for the
benefit of the older folk. This will be
given by the Ladies' Aid Society of
which Mrs. J. H. Davis is president,
and Mrs. Nina Newman secretary.

Miss Katherine Pierce left Sunday
night for Fryburg, Maine where she
will attend a camp for Ward-Belmont
girls. She joined a party of young la-
dies in Dallas and proceeded from there
on her journey. Miss Pierce will be
gone eight weeks and before her return
here will visit in New York City.

Messrs. Hodze of Wichita Falls and
Palm of Dallas, officials of the Mag-
nolia Petroleum Co., were in Vernon
on business Monday.

WHEAT TESTS ABOUT NO. 3.

Excessive Wet Weather Cuts Down
Somewhat Calibre Of Wilbarger
County Wheat.

The average wheat shipped out of
Vernon will be of number 3 calibre in
the opinion of one local buyer. There
will be considerable number 2 grain,
which tests 58 and 59 pounds to the
bushel. Number 3 wheat tests 56 and
57 pounds to bushel.

Number 1 wheat is less plentiful than
usually due to the excessive wet weath-
er several weeks ago. Grain in shock
suffered considerably and is not test-
ing as favorably as that which was
standing in the fields when the rains
came. Number 1 wheat tests 60 pounds.

The estimated yield in Wilbarger
county was placed by another wheat
buyer at 750,000 bushels. Seven and
eight cars of grain are being loaded out
of Vernon daily, and this number is ex-
pected to increase materially in the
near future.

Masons Elect Officers.

An election of officers for the ensu-
ing Masonic year which commenced
June 24 was held last Thursday and in-
stallation ceremonies were conducted
Friday. The following were placed in
office by the local lodge: Everett
Haney, worshipful master; D. Nor-
wood, senior warden; J. N. Fulcher,
junior warden; O. O. McCurdy, secre-
tary; L. G. Hawkins, treasurer; C. A.
Kressenberg, chairman; Joe Parker,
senior deacon; S. E. Porterfield, junior
deacon; T. J. McGill, senior steward;
Fred McGill, junior steward; and J.
D. Ferguson, tyler.

Peaches.

Have plenty of peaches for every one
this week. Come and get them. Three

EXAMINATION SHOWS MANY UNDERWEIGHT

STATISTICAL REPORT OF CHILD
WELFARE CONFERENCE JUST
RECEIVED.

Of the one hundred and forty nine children who were examined in Vernon during the Child Health and Nutrition Conference May 17 and 18, fifty-five were found to be under weight, according to the statistical report which has just been received from Miss Jeanie M. Pinckney, who came here from the University of Texas to conduct the conference, by Mrs. A. B. Stovall, local chairman of the nursing committee. Miss Pinckney explains in her report that ten per cent underweight represents the danger line and that for children the age of those examined three pounds is equal to ten per cent.

Of these fifty-five, eight were ten pounds or more, fourteen were six pounds or more and thirty-three were three pounds or more underweight. Fourteen were three pounds or more overweight. Twenty children were found, according to Miss Pinckney's report, to have no milk in their daily diet; twenty-five had no cooked cereal; twelve had no vegetables, and four had no fruit.

Physical defects were found as follows: Flat chests, 5; heart irregularities, 1; lungs (rales) 3; curvature of spine, 3; hernia, 4; round shoulders, 16; abdominal distension, 5; enlarged glands, 26; flat feet, 27; nail defects, 14; phimosi, 46; skin eruptions, 20; anaemia, 11; nervous condition, 4; teeth, 42; eyes, 12; ears, 20; nose, 20; tonsils, 78; adenoids, 56.

Miss Pinckney closed her report with the following exhortation to the local Red Cross committee. Fifty-eight of the one hundred and forty-nine children will be ready for school in a few months; are they physically fit to enter school? Let it be the aim of this committee to help these children to become physically fit before entering school. Encourage the children to use more milk, fruit, vegetables and cooked cereals. Encourage their parents to have the defects corrected while the child is young. These children should come back to the health center to be weighed and measured often."

WILL WRESTLE HERE JULY 4

Young Gatch, Pacific Coast Middleweight, who will meet Carl Ackerman in a finish match on the nation's holiday. Gatch is a strong, speedy wrestler and possesses a host of backers.

PLAN TO COMMENCE RECRUITING SOON

WANT LOCAL MILITIA TO OBTAIN
ENLISTMENT NECESSARY
FOR EQUIPMENT.

Strenuous efforts will soon be made by Captain Clyde Watts and J. V. Russell to recruit the local militia company to full strength. At present the organization embraces twenty-eight men, and it will be necessary to have fifty on the rolls before equipment can be obtained. Sixty-five is the number required for full strength.

Business reasons have prevented active recruiting thus far, but it is planned to enlist the requisite number of men before August 1. An enlistment office will be opened down town. The site of an armory has not as yet been decided upon.

As soon as it is possible to get equipment, a target range will be established. This will probably be five miles northeast of town on a site which must first be approved by army officers. It is planned to obtain four targets.

His Conscience Troubled Him

"I know I have done wrong, please forgive me for not doing my duty and writing you before. I am thankful to God for the good remedy He gave you, and would not take \$500 for the good the first dose gave me. I have been bothered for many years with gas in my stomach and indigestion, but since taking Mayr's Wonderful Remedy two years ago, have had no such trouble." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold in Vernon by Ferguson Drug Company and leading druggists everywhere. Adv. 11

Miss Gertrude Taber returned to her home in Chillicothe Sunday after a visit with Miss Winnie Wafer.

QUALITY AND THE COURAGE TO BACK IT UP

True courage is neither blind nor spectacular; true courage is patient, careful, intelligent; it holds to an ideal and lives up to it in the face of danger and difficulty.

We have never catered to our price cutting competitors for we have never carried anything in stock but high class merchandise; for our customers are all of the better class, therefore nothing but quality goods will do on our shelves.

We pride ourselves on having more friends than any other institution of its kind in Vernon.

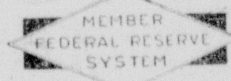

Thirty-two years ago this business was founded in this city and we believe it is only reasonable to state that our present business is built on nothing else than the reliability of our goods and the fairness of our business policy.

Baptist	4	3	1	.750
Christian	3	2	1	.666
Methodist	3	0	3	.000

Leaders Are Defeated.

Through an overwhelming 14 to 4 defeat yesterday at the hands of the Christian team, Baptists no longer top the percentage column in the Sunday School league with 1,000 percentage. The Christian aggregation opened heavy fire in the second inning and sent four runs across home plate. The Baptists retaliated with two counters in the next frame, but in the fifth the hard hitting Christians added three more and in the final inning circled the bases seven times.

Winston, who pitched for the Baptists, and Johnson, hurler for the Christians, were both hit freely. Gilliland, Baptist catcher, batted 1,000 with four hits out of four times up. Curtis, Teel, and Jones were heavy hitters for the winners. H. Teel knocked out a home run.

Following is the box score and summary of the game.

	A. B.	R.	H.	O.	A.	E.
Baptists	4	2	4	4	1	0
Gilliland, c	3	1	1	3	3	2

RED CROSS HINTS.

Rabies.

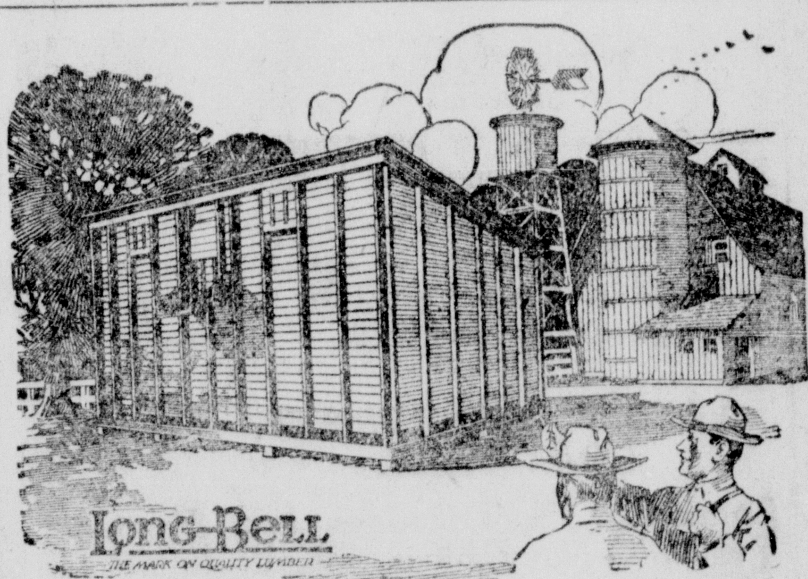

With the beginning of hot weather the danger season for rabies sets in. The virus of rabies, or hydrophobia, is present in the saliva of rabid animals, almost invariably dogs or cats. It is transmitted by bites of the infected animals or, more rarely, by the saliva from the animals.

Immediate treatment of a person bitten by a suspicious animal should be deep cauterization of the wounds with strong nitric acid. The second step in ensuring the safety of the bitten individual is the conferring of immunity by

means of the Pasteur treatment. Thorough measures should not be neglected as the disease of rabies is one of the most terrible a person could have the misfortune to contract.

The dog should be confined carefully for ten days and kept under observation. If he has rabies at the end of that time he will have died. The life of the dog should thus be temporarily preserved to assist in determining whether the bitten person needs Pasteur treatment.

If, however, the dog has been killed, his head should be sent to the nearest Pasteur Laboratory for a diagnosis. Should the diagnosis be that of rabies the bitten person may receive necessary treatment by sending a telegram through the State Department of Health.

Be Independent-- Own Your Storage

"Why trust to luck that there will be plenty of cars or that the price will be right when you thrash? Lumber is cheap now. That Granary cost me a few cents a bushel capacity, and it's good for many years."

Recent experience taught farmers a costly lesson—that farm storage must be provided if they are to have anything to say about the price they receive for grain.

We will be glad to show you granary plans, and how little it costs to provide storage with lumber—and LUMBER PRODUCES IDEAL GRAIN STORAGE.

A. & M. PRESIDENT PRAISES RECORD EDITORIAL HIGHLY

Dr. W. B. Bizzell Says People Must Understand Underlying Causes of Drift From Open Country to Towns and Cities Is Not Discouraged Over Outlook.

"I have just read your comment on a recent address I made with reference to conditions in the open country," writes President W. B. Bizzell of the Agricultural and Mechanical College of Texas to The Record. "My only objection to your comment is to commend most heartily the unusually good analysis that you made of the conditions of rural life in our rural communities."

"Those of us who are spending most of our time in immediate contact with the rural situation, know that you have correctly described the conditions that exist and it is important for our people to understand the underlying causes of the drift from the open country to the towns and cities."

"Fundamentally, of course, the problem is an economic one. It is known to all of the world that the farmer has not been able to make his enterprise prosper. It is equally well known, perhaps, that it is not because the farmers of the nation have not produced adequate crops, but because they have not been able to secure adequate financial returns. In other words, the problem of marketing and distributing their products remains the unsolved problem of agricultural enterprise. If we can find a way to make farming successful as a business enterprise, it will be relatively easy to solve the social problems that you discuss in your editorial."

"However, I am not discouraged over the outlook. I think there is a better day just ahead for agriculture. One of the reasons for this belief is men like you who are responsible for the public opinion of the nation, see the problem in its proper perspective."

Very sincerely yours,

W. B. BIZZELL,
President.

Another Vernon Case.

It Proves That There's A Way Out for Many Suffering Vernon Folks.

Just another report of a case in Vernon. Another typical case. Kidney ailments relieved in Vernon with Doan's Kidney Pills.

W. C. Ferguson, North Bowie St. Vernon, says: "When I first began using Doan's Kidney Pills my back and kidneys were in bad shape. I do not really know the cause, but there was a soreness across the small of my back and I was so lame all the time I could hardly stoop over. When I bent over, sharp pains would dart through my back and loins. I also suffered from dizzy spells, and my kidneys were weak and irregular in action. I was advised to use Doan's Kidney Pills. After taking a few boxes of Doan's I was in fine shape. I use Doan's occasionally and they keep my kidneys in good condition."

Card of Thanks.

We take this means to thank our many friends for the great amount of sympathy and kindness bestowed upon us at the time of the death of our daughter and sister, and especially do we desire to express our appreciation for the beautiful floral offerings. It is our hope that each of you who were thoughtful of us will have as many friends to minister unto you when you are called upon to bear a sorrow such as ours.

MR. AND MRS. F. A. GELHAUSEN, and family.

Doll Drinks Fruit Juice.

A novel advertising plan is being exhibited in the show window of Perkins-Thibault Dry Goods Company. A doll has been placed in the space and holds in one hand a bottle of fruit juice and in the other a glass. At regular intervals it pours a portion of the fluid into the glass and drinks it. The contrivance is so arranged that the liquid passes through the glass down the doll's arm, behind its back, and into the bottle again.

Has Two Parties.

Mrs. Herbert Farrell entertained with a "42" party yesterday afternoon and with another one this morning at her home on South Main street. A dairy salad course was served the guests.

Mrs. J. O. Bomar of Brownsville, Tenn., and Miss Ruby Williams of Wichita Falls are visiting at the home of Mrs. J. T. Williams.

Judge and Mrs. E. L. McHugh and Mr. and Mrs. A. M. Boulden returned Sunday from Fort Worth where they attended a State convention of county judges and commissioners. Commissioners McCaleb and Archer returned the latter part of last week.

WOMAN PROSECUTOR IS NEW NEMESIS OF "WETS."

Miss Mary Dolly Bailey, the first woman to be named Assistant United States District Attorney, declares the violators of the Prohibition law will be summarily dealt with if she has charge of the prosecution of their cases.

THEFT INSURANCE CLASSES LIMITED

COMPANIES WILL ASSUME LIABILITY ONLY WHERE ENTIRE CAR IS TAKEN.

Insurance companies of Texas will no longer assume liability for theft of certain extra equipment on automobiles, according to advices reaching Vernon agencies. It is pointed out that trifling losses have become so numerous and unreasonable that they have been a source of a tremendous cost in time and money to insurance companies.

These regulations were put into effect June 20 and were made by a joint insurance board sitting for the entire State. Formerly the insurance companies made themselves liable for any parts taken from cars, but hereafter the responsibility will apply only where the entire car is taken. However, in the event a car is stolen and after recovery it is found parts are missing, these will be replaced by the companies holding the insurance.

Public Liability Cheaper.

The new rulings will not effect policies issued prior to June 20. A reduction favoring the policy holder is one in regard to public liability which is approximately one-third cheaper than last year. No difference is made in the charge for fire and theft insurance. An increase has been announced in the collision clause of automobile policies. Under the old system a reduction of forty per cent was made in the charge for collision when a full cover was taken out on a car. With the new rates no allowance is made.

Local insurance agents anticipate a boosting in rates in the near future due to the reclassification of Vernon from country territory to the class of larger cities.

Card of Thanks.

We wish to express our sincere thanks to the many friends who so generously bestowed their help and sympathy during the illness and at the death of our husband and father, J. M. Morrison.

MRS. J. M. MORRISON and family.

Mrs. R. D. L. Killough and daughter Josephine left Sunday for Boulder, Colo. They were accompanied on the trip by Mrs. S. A. L. Morgan of Wichita Falls.

IT'S ICE COLD, MISTER, AND IT COSTS A NICKEL!

"It's ice cold, Mister, right off the ice—a nice, cool drink!" The half-timid, half-platonic cry mingled with an attempted air of bravado and assurance is greeting the pedestrian in nearly every city in this broad land. It is the sales talk of Young America who relies not on printed pages or billboard posters to advertise his wares, but puts his faith in the lusty young chords with which Nature endowed him.

"Come, Mister, it's only a nickel!" When all other pleas for patronage have failed the appeal is made to the mercenary character of man. It is the instinctive reliance on a principle which sways the policies of merchant princes in every land—giving the public the greatest amount for the least output of money.

So the pink and yellow pop merchant, ensconced behind his battered and wobbling stand fashioned by boyish hands unversed in the finer points of hammer and nails, sends forth the cry: "A nice, cool drink for only five cents."

Vernon Has Quota.

Vernon has its quota of embryo merchants who occupy points of vantage on the principal traveled highways. Packing case tops, parts of an old and discarded tent, the flimsy of what was once mother's best blanket—all have been deftly and ingeniously joined by nail and thread until the finished product is a wonder to behold. It nat-

ters not that the trifling winds whip and worry at one loose end that was too short to stretch across the top, there is only a temporary suspension of business when Jimmie pounds too enthusiastically on the counter and sends it clattering to the ground. It is all credited to profit and loss in a whole-souled effort to dispose of wondrous hued soda pop and garner the great American nickel.

Hand mixed paint, a concoction of charcoal and water, fashioned by the master mind of the business, proclaims to the world that it is "ice cold" and can be purchased for the ridiculously small sum of five cents. The proclamation is emblazoned upon the front of the stand where even the most indifferent may be caught by its lurid display and jolted into a realization of the bargain that has thus suddenly been thrust upon an unsuspecting public.

No Waste In Business.

Soda pop days. They are the products of a combination of summer, instinctive merchandising aspirations, and a desire to rival Croesus in wealth. There is no dealing in futures, no overhead expenses, and no waste stock. There exists not the remotest possibility that goods must be carried over until the next year for when business becomes unmistakably depressed, drooping spirits are revived by a joyous consumption of the wares so scorned by

the general public.

"Just a nickel, Mister, and it's ice cold!" The cry is universal in its appeal. It greets the pedestrian on the roaring thoroughfares of New York City, it hails the wayfarer in far away Oregon. On the borderland of Canada, even, where Old Sol exerts with less intensity his warmth of feeling, the traveler pauses at noontide as he hearkens to the call of the soda pop vendor. And in the Southland, where sun beats hot and warm winds blow, there is a mopping of forehead, a fanning with hat as "Mister" leans on the improvised counter and orders grandly an entire "nickel's worth."

WARNS BUSINESS FIRMS TO REGISTER TRADE NAMES

The period allotted businesses for the registration of trade names is shortening rapidly, according to Miss Verna Luckey, county clerk, and under the provisions of the law there is a penalty for failure to comply with the measure within the time set. About two weeks remain of the period extending thirty days from June 12.

Firms operating under any assumed name, style, corporate or otherwise, are required to observe this law. If a firm sells its interests, the new owner or owners must obey the mandate. law sisofftee Jash pvoehren

RUMMAGE SALE TO AID CHARITY FUND

PROCEEDS FROM RED CROSS PROJECT WILL BUY MILK AND ICE.

Friday and Saturday, July 1 and 2, have been set by the local chapter of the Red Cross as days to conduct a rummage sale for the benefit of the Vernon free milk and ice fund. The enterprise will be carried on in the store of the Sigler building, formerly occupied by Baker Bros. Drug Company.

Everyone is urged to assist the sale by sending any usable and salable articles and by purchasing something in return. Committees have been appointed to take charge of the work.

On the executive committee are Mrs. J. N. Johnson, Mrs. N. R. Heath, and Mrs. J. E. Lutz. A committee from the Home Science Club will solicit the southeast portion of town, one from the Culture Club the southwest portion, a Delphian committee the northeast portion, and representatives of the W. C. T. U. the northwest portion of Vernon.

Mrs. Paul Goetze and Mrs. P. E. Phillips will have charge of solicitations from the business district. Chairmen of committees are the following: Miss Ina Works, automobile committee; Mrs. George Backus, sales force; Mrs. Alf Hills, hall committee; Mrs. Will Colley, cashier; Mrs. Rupert Sewell, candy booth; and Mrs. L. A. Hollar, market.

Mr. Brown of Floyd-Brown Motor Co. of Quinlan was in Vernon yesterday.

KEEP THE GARDEN PRODUCING ALL THROUGH THE SEASON

Ground Should Be Kept Busy all the Time, Either by Companion Cropping, by Following One Crop With Another, or Successive Planting.

Southern gardens begin to look seedy about June 10, gardens in the Middle States section are in the height of their glory, and the New England gardens are just getting well started. It seems to be a foregone conclusion on the part of most persons throughout the Southern States that southern gardens can be grown only in the spring and in the fall, with a few chance hardy crops during the winter.

The farmer of the middle section plants his spring garden, then gets busy with farm crops, and very little further attention is given the garden, unless the work is done by the women. In the New England States and parts of the northwest where the growing season is quite short only one crop of most vegetables can be grown. In the middle section, however, two crops can often be grown on the same land, and more important still, a continuous supply of peas, beans, sweet corn, and a number of other vegetables can be had by making successive plantings.

Grow One Crop After Another.

The garden is generally the richest spot of ground on the farm, and for that reason should be expected to produce more than any other similar area. To get maximum production, however, it is necessary to keep the land busy all the time. This can be done in two ways: first, by companion cropping, and second, by following one crop with another or successive planting.

There are a number of crops that lend themselves to companion cropping. For example, where onion sets are planted in rows, say 18 inches between the rows, a row of radishes, spinach, or lettuce can be drilled between the rows of onions and be off the ground before the onions need the space. Spinach, radishes, early beets, or turnips can be planted between carrots, parsnips, and salsify. A crop of

snap beans can frequently be grown between the rows of tomatoes. Radish seeds may often be planted alongside a row of peas, the radishes being pulled out of the way before the peas begin to climb the trellis or bush provided for their support or to spread over the ground. A little later in the season sweet corn or late cabbage can be planted between the rows of early Irish potatoes and make considerable of a start before the Irish potatoes are dug.

In the extreme South a few crops that will withstand the heat should be planted for midsummer use. Swiss chard, while adapted to a temperature climate, does fairly well under southern conditions, and continues to produce greens throughout the greater part of the summer. Bussella, or New Zealand spinach, is adapted for the production of greens during the heated period.

In the middle section, early peas may be followed by late cabbage, late potatoes, late snap beans, beets, or turnips. Early Irish potatoes may be followed by turnips, late snap beans, or by late sweet corn.

Fall gardens should in no case be overlooked, especially from the Middle States southward. Plantings of practically all the early spring vegetables may be made from July to September, according to locality, and be brought to maturity before early autumn frosts. By proper attention to the garden, fresh vegetables may be had through a period of about 10 months of the year in the extreme South and for about 7 months in the middle section. The season for the New England and northwestern sections is necessarily much more limited but even here the efficiency of a garden can be greatly increased by a careful study and attention to the matter

of companion cropping and successive plantings of certain vegetables.

Late cabbage seed should be sown about June 1 in most sections and the plants set in the garden June 20 to July 5. The last planting of sweet corn should be made about 80 days before the first killing frost of autumn may be expected.

Most crops mature in a shorter period in the late summer than in the spring. This is due to the shortening of the days and the tendency of the plant to "hurry up" to produce its seed before winter overtakes it. It pays to take a chance on late plantings of beets, carrots, lettuce, spinach, snap beans, sweet corn and turnips if you like them.

As a rule early or quick maturing varieties are best for late planting. This does not apply, however, to Gold of Bantam corn which does best in the spring. Evergreen or Mammoth Evergreen corn are considered best for late planting.

A Few Tricks Worth Learning. Plenty of fertility in the soil and a little commercial fertilizer will help greatly to push the late crops to maturity. In some sections a little nitrate of soda is used as a top dressing to hurry the plants along.

There are a great many little tricks that should be learned and practiced by the gardener. It is not necessary

to be a wizard to practise these tricks but just a good, common sense gardener. One of the best of these is the use of a board laid over the row of seeds for a few days after planting to hold the moisture and make the seeds start during dry weather. Another is to flood the furrow with water and allow it to soak into the soil before dropping the seeds, then cover

with dry earth. Slightly racking or firming the soil over the seeds will help to bring the moisture to the surface and make the seeds grow. Garden tricks are easy to perform—try a few and see the results in the form of fresh vegetables for the table—it means better living.

RED CROSS LOAN CLOSET IS FILLED

FREE MILK FUND ALSO STARTED AND DISTRIBUTION BEGINS TODAY.

The Red Cross Loan Closet was bountifully stored with bed linens, towels, night gowns and baby linens when the shower for its benefit was held last Wednesday afternoon at the home of Mrs. J. L. Swartwood. About forty women were present and each one brought one or more articles for the Loan Closet, each of which was marked with a small red cross. These things were placed in the custody of Miss Rose Eilmann, county nurse, who will use them in the sick rooms where they are needed.

Initial donations for the Free Milk and Ice Fund were also taken Wednesday afternoon to the amount of \$15.79. This fund will be maintained throughout the summer months for the use of mothers who are not able to buy milk for their children, and it will be augmented from time to time by donations and benefits. When it is possible, the recipients of the milk and ice will be required to pay a small sum within their means for it. If they can afford to pay no more than a cent a pint for the milk that much will secure it for the use of their children, and if they are unable to pay even that amount it will be supplied them absolutely free of charge. Investigations will be made by Red Cross officials and an attempt will be made to give milk to all the children in Vernon who are in need of it. Distribution was started today, milk being purchased from and delivered by the local dairies.

A Vernon nutrition class will be started by Miss Eilmann within a few days, it was announced yesterday. Children will be taken to the Red Cross office and will be given milk and taught the proper way of nourishing their bodies.

Kodak finishing—
Good work.
Prompt service.
Courteous treatment.

Clifton Studio.

B. F. Carruth of Enid, Okla., was in Vernon on business Saturday.

Mr. and Mrs. O. A. Swinburn and daughter, Doris, returned yesterday from Oklahoma City where they have been for a month visiting Mrs. W. E. Mayes and family.

CHAIRMAN OF INTERSTATE COMMERCE COMMISSION

Edgar E. Clark

Edgar E. Clark, who was recently appointed chairman of the Interstate Commerce Commission by President Harding.

WILL COMPETE FOR FINE SWINE AWARD

LOCAL EXHIBITORS TO ENTER EXCELLENT SPECIMENS AT STATE FAIR.

Forty-one Poland China herds have been entered at the State Fair for the honor of exhibiting at the national swine show, and among the Texas breeders competing in the \$22,000 prize classic are A. M. Bourland and M. S. Sharp of this county. They will submit Long Orange, Jr., Sue, and a number of other fine specimens of gilts and sows.

Long Orange, Jr., is a hog of wonderful proportions, and last year took third place in its class against exhibits from three states. Sue is also an excellent specimen and was awarded second place at a Vernon fair. Mr. Sharp possesses a sow of even finer quality than Sue which he will send to the State fair. The local breeders entered but one hog, Long Orange, Jr., at the fair last year.

Is Great Classic.
The Poland China futurity is the great American swine classic. Breed-

ers of this specimen of hog will show this year for a total of over \$22,000 in cash prizes with over 600 exhibits competing for awards and for the honor of representation at Peoria, Ill. in October at the national round up futurity of the national swine show.

Texas has the honor of having been the first State to make the required number of nominations. At the time of the 1920 show twenty-four nominations were made for the 1921 futurity. This action was several months in advance of that of other states.

Steve Maryol went to Quanah Saturday.

VERNON, WILBARGER COUNTY, TEXAS, TUESDAY, JUNE 28, 1921

NUMBER 4

VOLUME 13.

WILBARGER RANKS WITH BEST WITH ROAD EQUIPMENT

County Judge and Commissioners Find Highway Machinery Equal To Any In State—Will Improve Means of Maintenance—Proposed Truck Law Comes In For Criticism.

Wilbarger county ranks with any other in the State in the matter of road machinery and equipment it possesses, in the opinion of the county judge and commissioners who attended the State convention in Fort Worth last week. In only one respect, that of maintenance, was this county lagging and measures are now under consideration to remedy this shortcoming.

"The trip was a most instructive and profitable one," said Judge E. L. McHugh, "and we were convinced that our county is the equal of any of the others in the matter of being equipped to build new roads. We learned several new phases in connection with road work, and were confirmed in other opinions that we already held."

Conducted Demonstration.
A demonstration of road work and machinery was conducted for the benefit of the visiting delegates. General duties and problems of county judges and commissioners were also fully discussed. The convention took place in Fort Worth Wednesday, Thursday, and Friday.

Another important matter considered by the convention was in regard to the new proposed truck law for Texas. This measure, which has aroused a storm of protest in every part of the State, was discussed from every angle. Judge E. L. McHugh spoke on the subject, and the opinion expressed by the local official was heartily endorsed by R. F. Johnson, State representative from this district.

Law Needs Remedying.
According to Judge McHugh, the truck law should be aimed at a somewhat different angle from that which it has assumed. The contention of the magistrate is that roads are constructed to bear a certain weight, and all extra burdens above that amount are what causes damage. If the county builds a highway intended to support up to and including five ton trucks, it is the conveyance above that weight that causes the road commissioners grief.

Therefore, said the judge, the problem to be considered is that of either prohibiting those heavy trucks or making some provisions for their travel. The consensus of opinion at the convention appeared to favor more trucks built to carry lighter loads. In this way, it was thought, county roads can be kept open for travel more effectively.

A committee was appointed at the convention to confer with similar bodies from other organizations of the State at a meeting in Dallas the end of this month concerning the truck law. Recommendations will be made to the Legislature.

START DEEPENING TRIANGLE.

Work At Taking Hole Further Down Commences Monday Evening—Other Wells Drilling.

Work at actually deepening the Triangle hole on the holdings south of town commenced Monday evening. Thus far since operations have been resumed, efforts have been directed at cleaning out the hole in preparation for further drilling.

It was necessary to remove the liner before recommencing drilling, and this let in expected savings. This debris has been thoroughly cleaned out, and the hole is being taken down.

The Texoma test, east of town, is down in the neighborhood of 1,500 feet. No unusual showings have been encountered, and drilling is progressing satisfactorily.

The Gene well, being drilled by the Sigler Company south of town, is down about 1,800 feet. The management expects to finish the contract depth on this hole.

Oklahoma School Election Carries.

School bonds placed before the voters of Oklahoma school district Saturday, June 25, carried overwhelmingly. A proposition to increase the tax rate not to exceed one dollar carried twenty-six to one, and a second measure calling for the issuance of \$15,000 in bonds carried twenty-five to two.

SECRETARY OF NAVY WITH HIS NEW AIDES.

This is the first photograph of Secretary of the Navy Denby with his two aides. Left to right: Secretary Denby, Captain David Sellers, U. S. N., and Colonel David D. Porter, U. S. Marines.

DOANS PLEDGES 991 BALES OF COTTON

SHOWING OF COMMUNITY LAST NIGHT IS BEST THUS FAR IN COUNTY.

Farm bureau workers at Doans last night obtained pledges for 991 bales of cotton for the million bale pool in process of formation for Texas by July 1. There were thirty-five farmers present and thirty-five contracts were signed. This is the best showing from any Wilbarger county community thus far.

Wilbarger's quota in the drive for cotton will probably be more than 10,000 bales, according to the county agent. Thus far about 3,000 bales have been turned in. Most of the canvassing is being done by persons in the respective communities, and the harvest season is hindering considerably in the campaign. The fact that Wilbarger county started late on its work of obtaining cotton contracts is another hindrance.

Foard County Over Top.
T. M. Hiney, president of the Foard county bureau, is in Vernon today and declares that every cotton farmer in his county with the exception of twenty-one have signed contracts. These wayward ones are expected within the fold before the first of the month.

Foard county's quota is 6,600 bales, and thus far 7,000 bales have been obtained.

RETURN FROM FISHING TRIP.

Party Of Vernon People Were Encamped Seven Miles From Snow Line In New Mexico.

A party of Vernon people have returned from Gallinas Canyon, New Mexico, where they spent two weeks on a fishing trip. They are Mr. and Mrs. E. W. Hampton, Mr. and Mrs. W. S. Lundy, and Mr. and Mrs. W. K. Kester.

Visits were also paid to Eagle's Nest Lake and Cimarron Canyon. The trip was made in three cars, two Dodge cars and a Chalmers. The party was encamped at one time seven miles from the snow line and heavy blankets were necessary for warmth at night. At noon the sun beat down with considerable intensity, however.

There were plenty of fish, according to Mr. Hampton. Mr. Lundy caught the largest of any of the others, his prize being a three and one-quarter pound trout measuring nineteen inches long. The "fish that got away" was also on Mr. Lundy's hook, and there is the solemn affirmation that it was three feet long. Others in the party met also with good luck in fishing. Roads were fine, said Mr. Hampton, and good time was made.

Home From Ward-Belmont.
Miss Dorothy Hicks, daughter of Mr. and Mrs. E. P. Hicks, returned home Sunday afternoon after a visit of several weeks in Springfield, Tenn., with her roommate, Miss Elizabeth Garner.

Miss Garner accompanied Miss Hicks to Vernon. Miss Hicks has been in attendance at Ward-Belmont College the past year and graduated with high grades from the academic department of that school.

Boys Paice Car.

A five passenger Paige was purchased last week by Cliff Jarvis from the Works Auto Supply Co.

TRACTORS PLOW NEAR FAIRGROUNDS

DEMONSTRATION CONDUCTED SHOWS PREPARATION OF GROUND FOR PLANTING.

A five acre patch immediately east of the fairgrounds was the scene of much bustling and activity yesterday during the demonstration of Fordson tractors and farm machinery by Napier Bros. Motor Co. The exhibitions commenced at 10 o'clock in the morning and continued until 4 in the afternoon. Lunch was served on the grounds at noon.

The process of preparing ground for planting was gone through by tractor operators for the benefit of a considerable group of spectators. A three disc plow was pulled over the ground, a Cult-Packer double action disc harrow immediately following, and then a grain drill was sent around. Eight acres a day is the average amount of ground that can be plowed with one of the machines, and at the present prices of fuel and lubricating oil the cost is about 25 cents an acre. The tractor, it is said, takes the place of six mules.

A feed mill was also run with the tractor, and a demonstration given of its mobile power. Messrs. Hutson, Wheeler, and Atwood, representatives of the Ford Motor Co. and Morris Bros. Implement distributors, assisted the local firm in conducting the demonstration.

PARKS K. WESTMORELAND WEDS

Former Vernon Boy, Son of Mrs. J. E. Collins, Is Married In Media, Penn. June 22.

Parks K. Westmoreland, a former resident of Vernon and son of Mrs. J. E. Collins of this city, was married to Miss Edythe Martha Vernon Wednesday, June 22, according to announcement just received here. The wedding was a quiet one and immediately after the ceremony the young couple left for Washington, D. C., and Virginia where they will spend their honeymoon. They will make their home in Philadelphia, where Mr. Westmoreland is a branch manager of the McQuay-Norris Manufacturing Company.

Mr. Westmoreland was born and reared in Vernon and is a graduate of the local high school. He will be remembered by a great many persons here. It has been about two years since he visited his mother and friends in this place.

RAISES ELBERTA PEACH WEIGHING SIX POUNDS

A peach weighing six pounds and measuring nine and three-quarters inches in circumference is a product from the small orchard of Walter Ladd living on East Texas street. The fruit is cling and free stone mixed and is beautifully colored. It is of the Elberta variety.

Mr. Ladd gathered three bushels of peaches from his earliest trees. He raises the fruit for his own use. He has had good success for several years.

Farmers Holding Cotton.

There are about 400 bales of cotton in the local warehouse, according to J. W. Brock, manager. That in storage is moving very slowly. Seventeen bales were shipped out Monday, but this was the first activity of this sort for several weeks.

ENCAMPMENT FOR CLUB GIRLS TO BEGIN WEDNESDAY

Preparations Are Made To Care for Forty-Five at Allingham Park—Program Provides Entertainment for Each Hour of Every Day—Mrs. Phoebe K. Warner Will Speak.

Forty-five girls have signified their intentions of attending the home demonstration camp which commences tomorrow and continues three days, and preparations are now made to care for them at Allingham Park in the west portion of town. An elaborate program has been carefully prepared by the county agents, and every hour for the entire camp will have its assignment.

Mrs. Phoebe K. Warner, special writer for the Fort Worth Star-Telegram, is one of the speakers on the program, and local citizens will also be called upon to talk to the girls. There will be a musical program by local talent.

Sufficient equipment is now on hand for the camp. The girls will bring certain of their clothes and part will be furnished by the home demonstration department.

Following is the program that will be observed during the club girls' encampment.

Program For Encampment.

WEDNESDAY, JUNE 23—
10 a. m.—Meet at Library and go to Camp Grounds.

11 to 11:45 a. m.—Address by W. N. Stokes.

12 to 1 p. m.—Dinner.

1 to 2 p. m.—Quiet hour.

2 to 4 p. m.—Hand making by Miss Kittie D. Washington.

4 to 6 p. m.—Trip to printing offices and stores.

6 to 7 p. m.—Supper.

7:30 to 9:30—Musical program by local talent.

Taps.

THURSDAY, JUNE 24—

5 a. m.—Rising.

5 to 7 a. m.—Bike and Swim.

7 to 8 a. m.—Breakfast.

8 to 8:30 a. m.—Singsong.

8:30 to 9 a. m.—Talk by Mayor and by Judge McHugh.

9 to 10 a. m.—Keeping the Record Book by Miss Millie Halsey.

10 to 11:30 a. m.—Standard Packs by Miss Bess Edwards.

12 to 1 p. m.—Dinner.

1 to 2 p. m.—Quiet Hour.

2 to 3:30 p. m.—"Other Girls" by Mrs. Jennie Newby.

3:30 to 3:45 p. m.—Making curtains for girls rooms.

3:45 to 6 p. m.—Trip over city and to Kell Mill.

6 to 7 p. m.—Supper.

7 to 7:30 p. m.—Games and contests.

7:30 to 9 p. m.—Picture show.

Taps.

FRIDAY, JULY 1—

6 a. m.—Rising.

6:15 to 7 a. m.—Sunrise Service by local ministers.

7 to 8 a. m.—Breakfast.

8 to 9 a. m.—Physical Education.

Health talk by Miss Rose Ellman.

9 to 11 a. m.—Talk to girls by Mrs. Phoebe K. Warner.

11 to 12 a. m.—Work on booklets or curtains.

12 to 1 p. m.—Dinner.

1 to 2 p. m.—Quiet hour.

2 to 3 p. m.—Singing, etc. Music by Dr. A. P. Howard.

Disbanding.

Program Of Music.

Following is a program of music that will be rendered for the girls Wednesday evening at 7:30.

Orchestra, Selected—Goetze's Junior Orchestra.

Solo, "Give a Man a Horse He Can Ride," O'Hara—Mr. Edwin Lissman.

Piano solo—Mrs. W. H. Huggins.

"One Fleeting Hour," Dorothy Lee—Mrs. A. H. Murchison.

Solo dance, Scotch Highland Fling—Miss Thelma Sherrill.

"Where My Caravan Has Rested," Lohr—Miss Mildred Young.

Reading—Mrs. C. J. Farrell.

(1) "Swing Low Sweet Chariot."

(2) "I Got Shoes, You Got Shoes."

—Messrs. Gus Ramage and Jed Morrow.

Builds Cement House.

F. B. Elliott is building a cement block house in the Wheatley addition, on the country club road. It will be a four room residence.

To Have Lawn Party.

There will be a lawn party and a business meeting of the Epworth League of the Methodist Church on the church lawn at 8:15 o'clock tonight.

UNCLE SAM'S LATEST WAR TANK IS A WATER BUG.

A new caterpillar tank was successfully tried out at Stockton, Cal., recently by U. S. Army officers. The photograph shows the tractor as it appeared while executing test maneuvers in water at the Holt Testing Grounds. An army officer directs the single mechanic who operates it. The new tractor can go under water and has a periscope, with which the engine breathes. The caterpillar can go thirty miles an hour on land and carries a three-inch gun. The photo shows the tractor in stream, with army officer and mechanic during the Government test.

ICE RANGES FIFTY CENTS IN PRICE

COMMODITY FOUND TO BE CHEAPEST IN SOUTHERN PART OF STATE.

There is a range of fifty cents in the retail price of ice in Texas cities of the 5,000 to 15,000 class, according to figures compiled by the local Chamber of Commerce. Electra, with ice quoted at one dollar a hundred pounds delivered to the consumer, tops the list, and Orange and Eagle Pass, separated by the width of the State between the Rio Grande and the Sabine River, deliver ice to the family boxes for fifty cents a hundred.

In Eagle Pass ice is sold at the factory for forty cents a hundred. Sixteen of the twenty-five towns that responded to questionnaires sent out from here reported that ice is sold to businesses at the same price paid by housewives. Geographically speaking, ice is higher in the Panhandle-Plains section of the State, and cheapest in South Central and South Texas towns.

The questionnaires sent out included also requests for information on electric light and current rates as well as water and sewer rates. Tables are being compiled to cover these figures.

MORROW WINS TOURNAMENT.

Victory Over Colley In Finals Friday Nets Local Chamber Manager Championship.

Jed Morrow is champion golfer at Hill Crest Country Club by virtue of his defeat Friday afternoon of Hub Colley 123 to 144 in the finals of the tournament for the president's trophy. The score represents play over eighteen holes.

Morrow's victory came as the result of steady, consistent play all through the tournament. There is nothing flashy in the Chamber manager's style of play, but his strokes are usually of the same calibre. The entire tournament was played over but two holes of the course.

Plans are under contemplation for the commencement of another tournament in about three weeks.

WILL STUDY COURSE OF 12 LESSONS IN PRAYER MEETING

A series of twelve lessons on the subject "The Bible" will be begun at the Central Christian Church Wednesday night at 8:15 o'clock. Gus Ramage, pastor of the church, will have charge of the course and will conduct the prayer meetings by means of informal discussions.

The subjects of the twelve lessons will be as follows: "How we got our Bible, How to study the Bible, How to read the Bible, The Old Testament confirmed, The New Testament Evidenced, God's purpose in the Old Testament, Inspiration of the Bible, The Bible as literature, The Bible as education, The Bible in the home, The Bible and character."

Purchases Oakland Touring Car.

An Oakland touring car was sold last week by the Works Auto Supply Co. to John Kumen.

Buys Lot West of Town.

O. T. Carruth purchased a lot in the Wheatley addition from Ben Henderson.

WOMEN PLAN 4TH OF JULY PROGRAM WITH PATRIOTIC LEADS

Albert E. Robinson Post of American Legion and Junior Chamber of Commerce Co-operating to Make Nation's Birthday In Vernon Memorable—Dinner at Fair Grounds.

Vernon will celebrate the Fourth of July. This is something new for Vernon—not that celebrating the date has been staged. However, patriotic undertakings have been of a private nature, and not for many years has a general patriotic celebration been attempted.

It is to the women, too, that thanks must be given for taking the lead in this year's patriotic pageant, the women of Wilbarger county. They are being assisted by the Albert E. Robinson Post of the American Legion and the Junior Directors of the chamber of commerce.

Plans include a patriotic parade, which will start from the high school building on West Paradise street, going thence to Main street, and north on Main to Texas street, where the procession will turn west to the County Fair grounds.

This parade will be headed by the marshal of the day, followed by musicians. Next will come the girls who expect to take part in the patriotic drill. Members of the local American Legion Post will come next, followed by Confederate veterans. Behind these will come decorated automobiles, after which cars in "every day costume" will fall in.

Citizenship Day Program.

R. B. Bratton has been appointed marshal of the grounds, and he requests that when automobiles enter the county fair grounds they park to the right of the road, leaving the grove of trees for a lunch ground. Dinner will be in the form of a basket picnic; however, for those who do not care to prepare anything to eat, there will be a booth at which sandwiches and ice tea can be purchased.

As soon as the parade reaches the fair grounds, every one is requested to go immediately to the grandstand, in front of which will be a "Citizenship Day" program. This will include a flag drill by young women from various sections of Wilbarger county, a sing song lead by Gus Ramage and accompanied by Mrs. Roy McConline's orchestra, an address of welcome and an introduction of the speaker of the day by Mayor Harry Mason. Rev. E. L. Moore, pastor of the Presbyterian Church, will deliver the address.

\$10 For Best Decorated Car.

A continuous program is being planned, including a parade by decorated automobiles around the race track. Ten dollars will be paid to the best decorated automobile, and \$5 for the second best. There will be trick riding, a gun drill, the flag drill, and baseball. Patriotic music will be played throughout the day.

Every citizen in the county is asked to repeat "America's Creed," which will be led by Gus Ramage. This is done at request of the National Government.

A charge of 25c will be made to help defray the expenses of providing a program for the Nation's birthday, the women in charge feeling that this sum is nominal, and they were unable to undertake the Fourth of July celebration on any other basis.

Marriage Licenses Issued.

Marriage licenses were issued June 23 to Monard Spikes and Miss Laura Hamilton of Electra, June 24 to J. P. Tolbert and Mrs. Melissa Snow of Oklahoma, June 25 to K. W. Collins and Miss Mary Abbie Roulston of Goodlet, June 25 to Raymond Walde and Miss Roselyn Baird, June 25 to J. B. Leverett and Miss Daisy Moody of Harrold, June 25 to H. L. Leverett and Miss Janie Mae Hampton of Harrold, June 27 to Paul G. Kneschke and Miss Mary Lowke, June 28 to Smith Nixon and Mrs. Jean Rush.

Boy To Covingtons.

A ten pound boy was born this morning to Mr. and Mrs. W. D. Covington living in north Vernon.

Undergoes Serious Operation.

Mrs. Bob Roark of Wildcat underwent a serious operation Sunday. Her condition today was reported as satisfactory.

MORE'S THEATRE PROGRAM

Thursday:

MAURICE TOURNEUR production

HOPE HAMPTON in "THE BAIT."

(The Texas Girl). Also 2 part Educational Comedy.

Friday—Special picture "Paying the Piper."

**COUNTY FARMERS
WORK STRENUOUSLY**

DAYLIGHT TO DARK IS SPACE DEVOTED FOR BRINGING IN HARVEST.

Sixteen hours a day is characterizing work on Wilbarger county farms the past few weeks, and it is probable this strenuous activity will continue for at least two weeks longer. Harvest has been completed and threshing is well under way. The time for labor does not extend from one certain hour to another, it is now from daylight to dark in a determined effort to "bring in the sheaves" before another rainy period sets in.

With weather of several weeks ago necessitated the cultivation of row crops, and this has served to add a tremendous burden to the already over-loaded shoulders of the agriculturists. Fair weather for the past week, however, is proving a powerful ally, and from present indications county wheat will be brought in with good success.

All Share In Labor.

The work is not being limited to only human hands and bodies. Horses and mules are sharing in the harvest season and evening on the farms finds these dumb brutes all but exhausted. The work is proceeding with facility, however, and ere long the animals and their masters will have completed the most severe of their toil.

Aside from wheat, Wilbarger crops are showing splendidly. Present prospects indicate that corn will produce a bumper yield and feed crops are appearing similarly flourishing. Rains several weeks ago evidently provided the requisite amount of moisture for the life of these products, and indications are that they will parallel anything before grown in this section.

Wheat in Wilbarger county in some instances has yielded surprisingly. J. W. Overton, living southeast of Oklahoma, is reported to have threshed out 1,000 bushels on forty acres.

Notice To Taxpayers.

The Commissioners Court of Wilbarger County, Texas will convene at the Court House in Vernon, Texas, on Monday and Tuesday, June 27 and 28, 1921, as a Board of Equalization to equalize the taxes for the year 1921, and this is to notify you to appear before said Court on said dates to show cause, if any you have, why the valuation of your property should not be raised.

**GO TO
THEATRE**

At More's Theater.

Today—Douglas MacLean in "Chickens."
Again we have the privilege of seeing the popular star of "Twenty-three and a Half Hours Leave" and "The Rookie's Return." He has with him this time, however, not Doris May, but Gladys George.

Wednesday—"Love, Honor and Behave," a Mack Sennett production.

Yes, it is a comedy, but a comedy with a story plot, a bit of pathos and a great deal of human interest.

Thursday—Hope Hampton in "Bait."

A girl is accused of a crime she did not commit and on her way to arrest she is rescued by a man who becomes her guardian. She later learns that he is a crook who has introduced her to a millionaire in order to use her in robbing him. But she falls in love with the millionaire and spoils the plot of her guardian.

At the Pictorium.

Today—Alma Rubens in "Thoughtless Women."

This is a story of a girl and her mother and the vain desires of the latter which lead the daughter into the slum-life of the society which she loathes. The mother of this tale is an exception because she causes her daughter sorrow rather than happiness.

Wednesday—H. B. Warner in "Dice of Destiny."

"Dice of Destiny" deals with a gang of crooks and has much the nature of "Alias Jimmie Valentine." One of the gang is a girl, the daughter of the leader, and the love affair between her and Jimmy is the uplifting part of the story.

Thursday—Madge Kennedy in "The Highest Bidder."

This picture tells the story of a girl condemned by circumstances to wed a wealthy man for his money alone. As luck would have it she really does fall in love with him, but unfortunately he thinks she is in love not with him but with his money.

Boy To Mr. and Mrs. Byrd.

A boy was born Saturday to Mr. and Mrs. Louis Byrd.

L. G. Hawkins returned Saturday from Dallas.

Mr. and Mrs. E. E. Westmoreland and two little sons, Earl, Jr., and Pat, of Antlers, Okla., drove to Vernon last Wednesday to visit Mr. Westmoreland's mother Mrs. J. E. Collins, for a short time.

HELP VERNON CELEBRATE

An ALL-COUNTY celebration is planned at the County Fair Park in Vernon—by Women of the county, Albert E. Robinson Post of the American Legion, and Junior Directors of the Chamber of Commerce.

MONDAY, JULY FOURTH

A big PATRIOTIC PARADE from the High School building to Fair Grounds Monday morning begins a day of patriotic entertainment. In the grand-stand there will be a community sing song; while in front will be a flag drill, patriotic speaking and music, trick riding, and other features of interest.

\$10 For Best Decorated Auto

Ten Dollars will be paid for the best decorated automobile; with a second prize of \$5. Bring your dinner and come; or, if you prefer, buy a sandwich at the Fair Grounds.

Bids will be received by E. M. Haney for the right to sell Ice Cream, Confections, and other Concessions.

Celebrate July 4th--AMERICA'S BIRTHDAY**3,918,139 WHITE
PEOPLE IN TEXAS**

1920 CENSUS SHOWS INCREASE OF 712,288 DURING TEN-YEAR PERIOD.

Washington, June 27.—The white population of Texas numbers 3,918,139, an increase of 712,288 compared with ten years ago. The total population of the State, 4,603,228, is an increase of 863,680. The negro population of Texas as shown by figures from the Bureau of the Census numbers 741,728, an increase of 51,671 during the ten-year period. Indians to the number of 2,110 are an increase of 1,408; Chinese 776, an increase of 181; Japanese 149, an increase of 109, while all other races in the State numbered 34, which was an increase of twenty-six during the ten-year period. Mexicans are listed as "white."

Indians Show Decrease.

There was a heavy decrease recorded in the number of Indians throughout the United States, accounted for by the enumeration as Indians in 1910 and as white in 1920 of persons having only slight traces of Indian blood. Of the total decrease in the Indian population so recorded, the greatest drop is recorded for Oklahoma, where there are Indians to the number of 55,949, according to the 1920 census as against 74,825 in 1910, a decrease of 18,876. These figures will not harmonize with those of the Interior Department, which lists all as Indians having a certain degree of Indian blood.

The white population of Oklahoma numbers 1,822,541, an increase of 378,010, while the negro population is 140,467, an increase of 11,765.

Negroes Decrease in South.

While the greatest number of negroes reside in Southern States, its percentage of increase in this race is far less than that for the North and West. In the South there are nearly 9,000,000 negroes, an increase of less than 2 per cent compared with 1910. In Northern States there are 1,472,000, an increase of 42.3 per cent, and in the West 78,591, an increase of 55 per cent.

A MIGHTY OFFER

THE ENTIRE STOCK OF

MISS J. L. MURRAY

STARTS FRIDAY, JULY 1
AT 9 A. M.

VERNON, TEXAS

AND LASTS 10 DAYS

Has been placed in charge of the HARRIS SALES COMPANY of Dallas, Tex., to be sold in the quickest possible time.

We Never Meet Prices

But we do always sell for a good deal less than most others and you will find one of the best-assorted stocks of Ladies' Ready-to-Wear, Millinery and Furnishings ever offered at such ridiculously low prices, that you will be utterly surprised. We were lucky to be on the job a few months ago and bought our own pick of the best and at a very reasonable price. Every dollar's worth of this merchandise and the new shipments that are arriving every day will be placed on sale at prices that will surprise you. Don't fail to be here on the opening day and get the pick of our stock.

Attention, Ladies

We know that every lady in Wilbarger County knows this stock, and we realize the futility of an attempt to put in words a description of the merchandise and shall desist from laying any unnecessary tress upon you for by attempting to itemize our values. We want every lady who wants to be well dressed and who has the slightest intention to economize, to investigate this most unusual proposition. These are potent arguments to use to bring you to our store, aren't they? But we can't be to emphatic. Come here expecting to find the best values ever offered; you won't be disappointed; your expectations will be far exceeded in every instance. Everything going at sale prices—nothing reserved.

REMEMBER THIS

We want each and every person reading this circular to know and understand that we are not putting on this sale for the profits that could be made, but that it's only purpose is to reduce stock and make room for our new fall merchandise that will arrive in next few weeks. This is not one of the "Every Month Sales" or the "Hip-Hip-Hurrah Sales," but an Honest to Goodness Sale for you and your friends.

Come Every Day—Something New All The Time.

For Lack of Time and Space We Can't Mention Many Prices

Values You Can't Beat in Coat Suits.

\$35.00 values going at \$16.50
While they last.

One Lot of Georgette Blouses.

Don't Overlook Our Line of Millinery.

One lot of Hats, your choice... \$1.00

One lot, values up to \$15.00, while
they last, going for \$5.00

Our Entire Stock

You will not find any undesirable or damaged merchandise. Everything is fresh and up-to-the-minute. We are preparing some big surprises for you in our big sale. Our pledge is to uphold our motto of: "Quality at a Cheaper Price," without exaggerating enables us to say that we have received many statements to the effect that this motto has greatly reduced the cost of living, and we are prepared to continue our pledge.

Reason For Our First Sale

On account of unpredicted business, we realized several weeks ago it was either cancel some of the season's orders or sell the goods. We have taken the best course and that is to sell the goods. Right in the heart of the season when merchandise should bring big profits—but we are going to sell the goods at prices that will move them in a hurry, because we need the room and prices made right will make room. The people of this county know that what we advertise we have, and what we say we do, and let us impress upon your mind now as never before that this is our first and greatest effort we have ever attempted to have put forth in an event of this kind. Don't fail to be here when Harris opens the doors to the big Honest to Goodness bargains. It's your opportunity to save and remember that every dollar saved is a dollar made.

Mr. F. L. Harper Personally in Charge of Sale

Free! Free!

On opening of our doors Friday morning the manager in charge of sale will give to the first 25 people entering the store an envelope and in these envelopes will be an order for some article in our store, such as Waists, Hose, \$1, \$2 and \$5 bills. Only one to each person and none to children. Be on time and get yours. You may get one of the \$5 bills.

 THE AMERICAN PRESS ASSOCIATION

Vernon, Texas, Tuesday, June 28, 1921.

DISARMAMENT NOT THE CURE.

Undoubtedly disarmament is not the
 sort of protection the United States
 must have—if we are to live in a world
 of nations armed to the teeth. Admit-
 ting that we must be ready to protect
 ourselves, the fact remains that ex-
 penditures for armament have reached
 such a stage that to continue in the
 mad race for martial supremacy seems
 certain to precipitate the world into
 bankruptcy.

America is by no means the only na-
 tion whose statesmen are beginning to
 understand that there is death at the
 end of the race for military and naval
 supremacy. As a result, it seems reason-
 able to suppose that other nations
 would welcome some idea looking to a
 general disarmament. Indeed, many
 European statesmen have let it be un-
 derstood that this is their attitude.

After all, the question of armament
 is relative. What would have made a
 nation the first military power in the
 world a decade ago would give very
 low place now—so amazing has been
 the growth of engines of destruction.
 And if some plan of disarmament could
 be agreed upon—and The Record is
 loath to believe that we are blindly set
 in our mad race—a nation might be
 adequately armed with an expenditure
 only a fractional part of that now con-
 sumed at the shrine of the God of War.

No less an authority than General
 Pershing has said the nations must
 choose between disarmament or death.
 According to the Tribune-Chief,
 Quanaa has had more than 15 inches
 of rainfall this month. It is said wheat
 suffered greatly. Storms are reported
 in Donley county, Randall county, and
 in many hamlets North Texas counties.
 Wilbarger seems to have come nearer
 getting "just the right amount of rain"
 than any of our neighbors.

THE SIX-HOUR DAY AGAIN.

The American Federation of Labor
 again vindicated its sanity when it re-
 fused to endorse the proposition of the
 Seattle Trades Council insisting upon
 a six-hour day with no over-time in in-
 dustry. Another evidence of sanity is
 the refusal of the convention to go mad
 over the question of freedom for
 Ireland.

These actions are evidence that the
 radicals do not yet control the National
 labor federation—no matter how
 strong they may become in local unions
 at isolated places.

No over-time in industry is even more
 visionary than the six-hour day. It
 may be possible to speed up industry
 so that the world's work can be accom-
 plished by working six hours. We are
 far from that now, and the idea of a
 majority of the proponents of the six-
 hour day seems rather to do as little
 as possible than as much—at the same
 time demanding as much pay as for
 working eight hours.

The practical man will find it hard to
 recognize the idea of no over-time in
 industry with efficient production; al-
 though the production manager who
 can get satisfactory results with no
 over-time on any occasion will un-
 doubtedly be efficient.

dustrial conflict which is going to be no
 less grimly contested than was the
 Great War. It would be unfortunate
 to go back to the old days when men
 worked twelve hours, and longer—nor
 is such necessary. On the other hand,
 too little work is no less an evil than
 too much.

If the rumors of pirates off Cape
 Hatteras are true, it is just another
 evidence that we are getting back to
 the "good old days," for which so many
 pine.

MORE TRADE TERRITORY.

Vernon can secure more trade ter-
 ritory in two ways—one, by getting more
 farmers in Wilbarger county; the other,
 by building a bridge, or bridges, across
 the Red river. Why shouldn't both
 plans be pursued?

In Wilbarger county there are many
 farms of from one to three thousand
 acres. To say that such a condition
 handicaps development is to speak a
 truth universally recognized. Tenants
 farm the greater part of these immense
 holdings, and under the most favorable
 conditions, the tenant system curses
 the soil.

It should be the definite aim of bank-
 er, business men, and farmers to have
 another thousand farmers in Wilbarger
 county by 1930. To do this will
 require systematic effort to let the
 world know how productive Wilbarger
 county is, and to provide roads over
 which our farmers may haul in wet
 weather or dry their cotton, wheat or
 alfalfa; their cream, chickens, and hogs
 to markets which we must provide. The
 only question is, are we big enough for
 the undertaking?

Another way to make our people more
 prosperous is to construct the long-
 talked-of bridge, or bridges, across the
 Red river. Such a passage way would
 bring hundreds of tourists through Ver-
 non. More important than that, these
 bridges would result in bringing to
 Vernon, Odell, Oklaunion and Harold
 much trade that now goes elsewhere.

Today isn't too soon to begin these
 enterprises.
 The law spoiled a wonderful love
 story out at Lubbock, when a prisoner
 accused of murder was sentenced to
 serve 14 years in the penitentiary, de-
 spite the fact that he married the
 State's star witness just before the trial
 started.

"Nothing socialistic about it," insist
 those members of the American Federa-
 tion of Labor who urged government
 operation of the railroads and all other
 primary industries. A great many men
 agree that there wouldn't be anything
 "socialistic" about such a program very
 long, because there wouldn't be any-
 thing to socialize.

WOULD EDUCATE TEXANS TO BUY WITHIN STATE

From \$300,000,000 to \$500,000,000 is
 spent annually by Texans for out-of-
 state products which could be bought
 from within the state, according to fig-
 ures of the Texas Chamber of Com-
 merce which is fostering a movement
 to educate Texas people to the variety
 and quality of Texas products. An in-
 dustrial council of twenty-five Texas
 business men will be appointed to carry
 out this program; this body will rep-
 resent every line of industry. It will
 hold regular meetings and work at all
 times to spread a thorough knowledge
 of Texas products among Texas buyers.

"When a Texas buyer spends his
 money in Texas he receives not only the
 value of the goods bought but he gets
 also his share of the reflected pros-
 perity which is the natural consequence
 of such policy of buying from your
 neighbor," says James Z. George, vice
 president and general manager of the
 state chamber.

Are Laying Water Extensions.

Water extensions are being laid by
 the city between Lamar and Deaf
 Smith streets and from W. Wilbarger
 to W. Marshall streets. Extensions are
 also being made from Sherman to Pine
 streets between E. Wilbarger and E.
 Marshall streets.

Miss Florence May returned Friday
 from a visit in Fort Worth and Dallas.

TEXAS PANHANDLE RICH IN CROPS

CORN LEADS OTHER 1920 PRO-
 DUCTS WITH VALUATION OF
 \$68,000,000.

The total value of 1920 crops in the
 Texas Panhandle reached \$133,450,000,
 according to figures compiled by the
 local Chamber of Commerce. The
 greatest amount realized from any one
 product was that from corn which was
 valued at \$68,000,000. Grain sorghums
 were second with a valuation of \$30,-
 000,000.

The crops with their yields and val-
 uations are as follows: wheat, 8,000,000
 bushels, \$16,000,000; grain sorghums,
 25,000,000 bushels, \$30,000,000; corn,
 75,000,000 bushels, \$68,000,000; cotton,
 35,137 bales, \$5,700,000; oats, 20,000,000
 bushels, \$11,000,000; alfalfa, 250,000
 tons, (estimated), \$2,750,000. This
 agricultural data includes the follow-
 ing counties: Armstrong, Briscoe, Cas-
 tro, Childress, Collinsworth, Cottle,
 Dallam, Deaf Smith, Donley, Floyd,
 Foard, Gray, Hale, Hall, Hansford,
 Hardeman, Hartley, Hemphill, Hutch-
 inson, Lipscomb, Moore, Motley, Ochol-
 tree, Oldham, Parmer, Potter, Sher-
 man, Wilbarger, Wheeler, Roberts,
 Carson, Bailey, Lamb, Randall, and
 Swisher.

Livestock Value High.

The total value of 1920 livestock
 (tax value) is placed at \$31,944,772.
 The actual value is estimated at \$42,-
 178,400. Numbers of livestock and
 their value are as follows: horses and
 mules, 151,754, \$6,433,696; cattle, 931,-
 717, \$17,242,359; hogs, 92,767, \$652,406;
 sheep, 70,905, \$363,398; goats, 1,077,
 \$2,913.

The total value of products (crops
 and livestock) is placed at \$175,628,-
 400; the total value of farm property
 \$283,355,000. Land, of which there
 are 32,776,000 acres is valued at \$25,-
 700,000 and buildings are worth \$27,-
 655,000. This makes a total of \$283,-
 355,000.

The total population according to the
 1921 census is 172,902, and the total
 bank deposits (estimated) are \$28,-
 950,000.

Leads With Horses And Mules.

According to the livestock figures,
 compiled, along with those on crops,
 by Stuart McGregor of the Texas
 Chamber of Commerce, Wilbarger leads
 other counties in the Panhandle with
 8,251 horses and mules valued at \$471,-
 910. Other figures indicate that Wil-
 barger county possesses 14,277 cattle
 valued at \$367,325 and 4,903 hogs
 valued at \$42,335.

TOURISTS TRAVEL EXCEP- TIONAL IN VIEW OF TIMES

Tourist travel on railroads into and
 through Vernon is increasing appreci-
 ably, according to local agents, and al-
 though not as heavy as this time last
 year, is nevertheless exceptional in
 view of the general financial condition
 of the country. Denver trains through
 Vernon are running four Pullman
 coaches, and many inquiries concerning
 routes and destinations come in daily
 to both Frisco and Denver offices.

Farmers are not traveling as much
 as formerly, according to one agent, but
 people are on the whole are not content
 to stay at home during the hot weather.

Shower At Rayland Church.

Rayland Baptists Church workers
 will conduct a clothing shower Satur-
 day night, July 2, for the benefit of an
 orphan's home. Everyone is urged to
 attend and bring either wearing ap-
 parel or gifts of money. After the con-
 tributions there will be an interesting
 program rendered especially for the
 benefit of the older folk. This will be
 given by the Ladies' Aid Society of
 which Mrs. J. H. Davis is president,
 and Mrs. Nina Newman secretary.

Miss Katherine Pierce left Sunday
 night for Fryburg, Maine where she
 will attend a camp for Ward-Belmont
 girls. She joined a party of young la-
 dies in Dallas and proceeded from there
 on her journey. Miss Pierce will be
 gone eight weeks and before her return
 here will visit in New York City.

 Palm of Dallas, officials of the Mag-
 nolia Petroleum Co. were in Vernon
 on business Monday.

WHEAT TESTS ABOUT NO. 3.

Excessive Wet Weather Cuts Down
 Somewhat Calibre Of Wilbarger
 County Wheat.

The average wheat shipped out of
 Vernon will be of number 3 calibre in
 the opinion of one local buyer. There
 will be considerable number 2 grain,
 which tests 58 and 59 pounds to the
 bushel. Number 3 wheat tests 56 and
 57 pounds to bushel.

Number 1 wheat is less plentiful than
 usually due to the excessive wet weather
 several weeks ago. Grain in shock
 suffered considerably and is not test-
 ing as favorably as that which was
 standing in the fields when the rains
 came. Number 1 wheat tests 60 pounds.

The estimated yield in Wilbarger
 county was placed by another wheat
 buyer at 750,000 bushels. Seven and
 eight cars of grain are being loaded out
 of Vernon daily, and this number is ex-
 pected to increase materially in the
 near future.

Masons Elect Officers.

An election of officers for the ensu-
 ing Masonic year which commenced
 June 24 was held last Thursday and in-
 stallation ceremonies were conducted
 Friday. The following were placed in
 office by the local lodge: Everett
 Hauey, worshipful master; D. Nor-
 wood, senior warden; J. N. Fulcher,
 junior warden; O. O. McCurdy, secre-
 tary; L. G. Hawkins, treasurer; C. A.
 Kressenberg, chairman; Joe Parker,
 senior deacon; S. E. Porterfield, junior
 deacon; T. J. McGill, senior steward;
 Fred McGill, junior steward; and J.
 D. Ferguson, tyler.

Peaches.

 MEN'S AND BOYS' OUTFITTERS

EXAMINATION SHOWS MANY UNDERWEIGHT.

STATISTICAL REPORT OF CHILD WELFARE CONFERENCE JUST RECEIVED.

Of the one hundred and forty nine children who were examined in Vernon during the Child Health and Nutrition Conference May 17 and 18, fifty-five were found to be under weight, according to the statistical report which has just been received from Miss Jeanie M. Pinckney, who came here from the University of Texas to conduct the conference, by Mrs. A. B. Stovall, local chairman of the nursing committee. Miss Pinckney explains in her report that ten per cent underweight represents the danger line and that for children the age of those examined three pounds is equal to ten per cent.

Of these fifty-five, eight were ten pounds or more, fourteen were six pounds or more and thirty-three were three pounds or more underweight. Fourteen were three pounds or more overweight. Twenty children were found, according to Miss Pinckney's report, to have no milk in their daily diet; twenty-five had no cooked cereal; twelve had no vegetables, and four had no fruit.

Physical defects were found as follows: Flat chest, 5; heart irregularities, 1; lungs (rales) 3; curvature of spine, 3; hernia, 4; round shoulders, 10; abdominal distension, 5; enlarged glands, 26; flat feet, 27; nail defects, 14; phemosis, 46; skin eruptions, 20; anaemia, 11; nervous condition, 4; teeth, 42; ears, 12; ears, 20; nose, 20; tonsils, 78; adenoids, 56.

Miss Pinckney closed her report with the following exhortation to the local Red Cross committee. Fifty-eight of the one hundred and forty-nine children will be ready for school in a few months; are they physically fit to enter school? Let it be the aim of this committee to help these children to become physically fit before entering school. Encourage the children to use more milk, fruit, vegetables and cooked cereals. Encourage their parents to have the defects corrected while the child is young. These children should come back to the health center to be weighed and measured often."

WILL WRESTLE HERE JULY 4

Young Gotch, Pacific Coast Middleweight, who will meet Carl Ackerman in a finish match on the nation's holiday. Gotch is a strong, speedy wrestler and possesses a host of backers.

PLAN TO COMMENCE RECRUITING SOON

WANT LOCAL MILITIA TO OBTAIN ENLISTMENT NECESSARY FOR EQUIPMENT.

Strenuous efforts will soon be made by Captain Clyde Watts and J. V. Russell to recruit the local militia company to full strength. At present the organization embraces twenty-eight men, and it will be necessary to have fifty on the rolls before equipment can be obtained. Sixty-five is the number required for full strength.

Business reasons have prevented active recruiting thus far, but it is planned to enlist the requisite number of men before August 1. An enlistment office will be opened down town. The site of an armory has not as yet been decided upon.

As soon as it is possible to get equipment, a target range will be established. This will probably be five miles northeast of town on a site which must first be approved by army officers. It is planned to obtain four targets.

His Conscience Troubled Him

"I know I have done wrong, please forgive me for not doing my duty and writing you before. I am thankful to God for the good remedy He gave you, and would not take \$500 for the good the first dose gave me. I have been bothered for many years with gas in my stomach and indigestion, but since taking Mayr's Wonderful Remedy two years ago, have had no such trouble." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold in Vernon by Ferguson Drug Company and leading druggists everywhere. Adv. 11

Miss Gertrude Taber returned to her home in Chillicothe Sunday after a visit with Miss Winnie Wafer.

QUALITY AND THE COURAGE TO BACK IT UP

True courage is neither blind nor spectacular; true courage is patient, careful, intelligent; it holds to an ideal and lives up to it in the face of danger and difficulty.

We have never catered to our price cutting competitors for we have never carried anything in stock but high class merchandise; for our customers are all of the better class, therefore nothing but quality goods will do on our shelves.

We pride ourselves on having more friends than any other institution of its kind in Vernon.

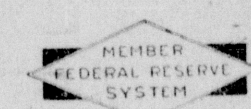

Thirty-two years ago this business was founded in this city and we believe it is only reasonable to state that our present business is built on nothing else than the reliability of our goods and the fairness of our business policy.

Methodist.....	3	0	3	.000

Leaders Are Defeated.

Through an overwhelming 14 to 4 defeat yesterday at the hands of the Christian team, Baptists no longer top the percentage column in the Sunday School league with 1,000 percentage. The Christian aggregation opened heavy fire in the second inning and sent four runs across home plate. The Baptists retaliated with two counters in the next frame, but in the fifth the hard hitting Christians added three more and in the final inning circled the bases seven times.

Winston, who pitched for the Baptists, and Johnson, hurler for the Christians, were both hit freely. Gilliland, Baptist catcher, batted 1,000 with four hits out of four times up. Curtis, Teel, and Jones were heavy hitters for the winners. H. Teel knocked out a home run.

Following is the box score and summary of the game.

RED CROSS HINTS.

Rabies.

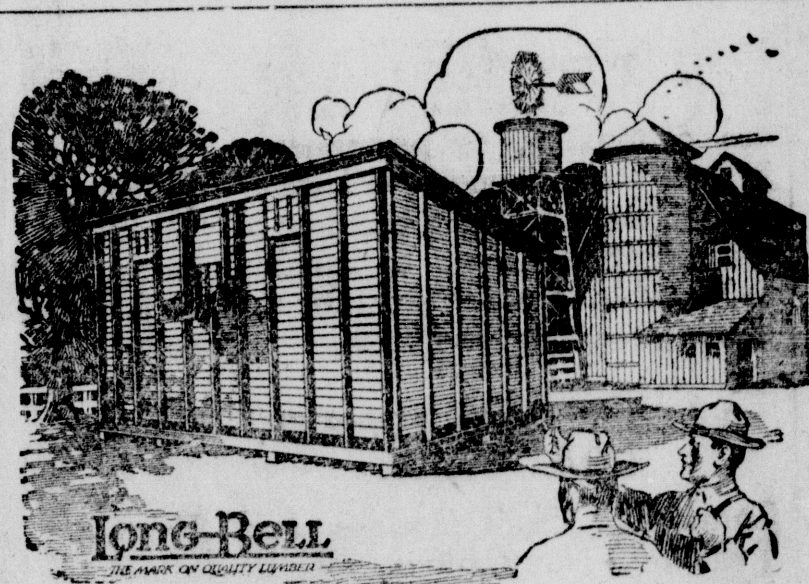

With the beginning of hot weather the danger season for rabies sets in. The virus of rabies, or hydrophobia, is present in the saliva of rabid animals, almost invariably dogs or cats. It is transmitted by bites of the infected animals or, more rarely, by the saliva from the animals.

Immediate treatment of a person bitten by a suspicious animal should be deep cauterization of the wounds with strong nitric acid. The second step in ensuring the safety of the bitten individual is the conferring of immunity by

means of the Pasteur treatment. Thorough measures should not be neglected as the disease of rabies is one of the most terrible a person could have the misfortune to contract.

The dog should be confined carefully for ten days and kept under observation. If he has rabies at the end of that time he will have died. The life of the dog should thus be temporarily preserved to assist in determining whether the bitten person needs Pasteur treatment.

If, however, the dog has been killed, his head should be sent to the nearest Pasteur Laboratory for a diagnosis. Should the diagnosis be that of rabies the bitten person may receive necessary treatment by sending a telegram through the State Department of Health.

Be Independent-- Own Your Storage

"Why trust to luck that there will be plenty of cars or that the price will be right when you thrash? Lumber is cheap now. That Granary cost me a few cents a bushel capacity, and it's good for many years."

Recent experience taught farmers a costly lesson—that farm storage must be provided if they are to have anything to say about the price they receive for grain.

We will be glad to show you granary plans, and how little it costs to provide storage with lumber—and LUMBER PRODUCES IDEAL GRAIN STORAGE.

A. & M. PRESIDENT PRAISES RECORD EDITORIAL HIGHLY

Dr. W. B. Bizzell Says People Must Understand Underlying Causes of Drift From Open Country to Towns and Cities—Is Not Discouraged Over Outlook.

"I have just read your comment on a recent address I made with reference to conditions in the open country," writes President W. B. Bizzell of the Agricultural and Mechanical College of Texas to The Record. "My only object in writing you is to commend most heartily the unusually good analysis that you made of the conditions of social life in our rural communities."

"Those of us who are spending most of our time in immediate contact with the rural situation know that you have correctly described the conditions that exist and it is important for our people to understand the underlying causes of the drift from the open country to the towns and cities."

"Fundamentally, of course, the problem is an economic one. It is known to all of the world that the farmer has not been able to make his enterprise prosper. It is commonly well known, perhaps, that it is not because the farmers of the nation have not produced adequate crops, but because they have not been able to secure adequate financial returns. In other words, the problem of marketing and distributing their products remains the unsolved problem of agricultural enterprise. If we can find a way to make farming successful as a business enterprise, it will be relatively easy to solve the social problems that you discuss in your editorial."

"However, I am not discouraged over the outlook. I think there is a better day just ahead for agriculture. One of the reasons for this belief is men like you who are responsible for the public opinion of the nation, see the problem in its proper perspective."

Very sincerely yours,

W. B. BIZZELL,
President.

Another Vernon Case.

It Proves That There's A Way Out for Many Suffering Vernon Folks.

Just another report of a case in Vernon. Another typical case. Kidney ailments relieved in Vernon with Doan's Kidney Pills.

W. C. Ferguson, North Bowie St., Vernon, says: "When I first began using Doan's Kidney Pills my back and kidneys were in bad shape. I do not really know the cause, but there was a soreness across the small of my back and I was so lame all the time I could hardly stoop over. When I bent over, sharp pains would dart through my back and loins. I also suffered from dizzy spells, and my kidneys were weak and irregular in action. I was advised to use Doan's Kidney Pills. After taking a few boxes of Doan's I was in fine shape. I use Doan's occasionally and they keep my kidneys in good condition."

Card of Thanks.

We take this means to thank our many friends for the great amount of sympathy and kindness bestowed upon us at the time of the death of our daughter and sister, and especially do we desire to express our appreciation for the beautiful floral offerings. It is our hope that each of you who were thoughtful of us will have as many friends to minister unto you when you are called upon to bear a sorrow such as ours.

MR. AND MRS. E. A. GEIHAUSEN, and family.

Doll Drinks Fruit Juice.

A novel advertising plan is being exhibited in the show window of Perkins-Thibault's (Dry Goods Company). A doll has been placed in the space and holds in one hand a bottle of fruit juice and in the other a glass. At regular intervals it pours a portion of the fluid into the glass and drinks it. The contrivance is so arranged that the liquid passes through the glass down the doll's arm, behind its back, and into the bottle again.

Has Two Parties.

Mrs. Herbert Farrell entertained with a "42" party yesterday afternoon and with another one this morning at her home on South Main street. A dainty salad course was served the guests.

Mrs. J. O. Bonar of Brownsville, Tenn., and Miss Ruby Williams of Wichita Falls are visiting at the home of Mrs. J. T. Williams.

Judge and Mrs. E. L. McHugh and Mr. and Mrs. A. M. Bouchard returned Sunday from Fort Worth where they attended a State convention of county judges and commissioners. Commissioners McCaleb and Archer returned the latter part of last week.

WOMAN PROSECUTOR IS NEW NEMESIS OF "WETS."

Miss Mary Dolly Bailey, the first woman to be named Assistant United States District Attorney, declares the violators of the Prohibition law will be summarily dealt with if she has charge of the prosecution of their cases.

THEFT INSURANCE CLASSES LIMITED

COMPANIES WILL ASSUME LIABILITY ONLY WHERE ENTIRE CAR IS TAKEN.

Insurance companies of Texas will no longer assume liability for theft of certain extra equipment on automobiles, according to advices reaching Vernon agencies. It is pointed out that trifling losses have become so numerous and unreasonable that they have been a source of a tremendous cost in time and money to insurance companies. These regulations were put into effect June 20 and were made by a joint insurance board sitting for the entire State. Formerly the insurance companies made themselves liable for any parts taken from cars, but hereafter the responsibility will apply only where the entire car is taken. However, in the event a car is stolen and after recovery it is found parts are missing, these will be replaced by the companies holding the insurance.

Public Liability Cheaper.

The new rulings will not effect policies issued prior to June 20. A reduction favoring the policy holder is one in regard to public liability which is approximately one-third cheaper than last year. No difference is made in the charge for fire and theft insurance.

An increase has been announced in the collision clause of automobile policies. Under the old system a reduction of forty per cent was made in the charge for collision when a full cover was taken out on a car. With the new rates no allowance is made. Local insurance agents anticipate a boosting in rates in the near future due to the reclassification of Vernon from country territory to the class of larger cities.

Card of Thanks.

We wish to express our sincere thanks to the many friends who so generously bestowed their help and sympathy during the illness and at the death of our husband and father, J. M. Morrison.

MRS. J. M. MORRISON and family.

Mrs. R. D. L. Killough and daughter Josephine left Sunday for Boulder, Colo. They were accompanied on the trip by Mrs. S. A. L. Morgan of Wichita Falls.

IT'S ICE COLD, MISTER, AND IT COSTS A NICKEL!

"It's ice cold, Mister, right off the ice—a nice cool drink!" The half-timidous, half-plaintive cry mingled with an attempted air of bravado and assurance is greeting the pedestrian in nearly every city in this broad land. It is the sales talk of Young America who relies not on printed pages or billboard posters to advertise his wares, but puts his faith in the lusty young chords with which Nature endowed him.

"Com, Mister, it's only a nickel!" When all other pleas for patronage have failed the appeal is made to the mercenary character of man. It is the fastidious reliance on a principle which sways the policies of merchant princes in every land—giving the public the greatest amount for the least output of money.

So the pink and yellow pop merchant, ensconced behind his tattered and wobbling stand fashioned by boyish hands unversed in the finer points of hammer and nails, sends forth the cry: "A nice, cool drink for only five cents."

Vernon Has Quota.

Vernon has its quota of embryo merchants who occupy points of vantage on the principal traveled highways. Packing case tops, parts of an old and discarded rent, the flimsy of what was once mother's best blanket—all have been deftly and ingeniously joined by nail and thread until the finished product is a wonder to behold. It mat-

ters not that the trifling winds whip and worry at one loose end that was too short to stretch across the top, there is only a temporary suspension of business when Jumble pounds too enthusiastically on the counter and sends it clattering to the ground.—It is all credited to profit and loss in a whole souled effort to dispose of wondrous hued soda pop and garner the great American nickel.

Hand mixed paint, a concoction of charcoal and water, fashioned by the master mind of the business, proclaims to the world that it is "ice cold" and can be purchased for the ridiculously small sum of five cents. The proclamation is emblazoned upon the front of the stand where even the most indifferent may be caught by its lurid display and jolted into a realization of the bargain that has thus suddenly been thrust upon an unsuspecting public.

No Waste In Business.

Soda pop days. They are the products of a combination of summer, instinctive merchandising aspirations, and a desire to rival Croesus in wealth. There is no dealing in futures no overhead expenses, and no waste stock. There exists not the remotest possibility that goods must be carried over until the next year for when business becomes unmistakably depressed, drooping spirits are revived by a joyous consumption of the wares so scorned by

the general public.

"Just a nickel, Mister, and it's ice cold!" The cry is universal in its appeal. It greets the pedestrian on the roaring thoroughfares of New York City, it hails the wayfarer in far away Oregon. On the borderland of Canada, even, where Old Sol exerts with less intensity his warmth of feeling, the traveler pauses at noontide as he hearkens to the call of the soda pop vendor. And in the Southland, where sun beats hot and warm winds blow, there is a mopping of forehead, a fanning with hat as "Mister" leans on the improvised counter and orders grandly an entire "nickel's worth."

WARNS BUSINESS FIRMS TO REGISTER TRADE NAMES

The period allotted businesses for the registration of trade names is shortening rapidly, according to Miss Verna Luckey, county clerk, and under the provisions of the law there is a penalty for failure to comply with the measure within the time set. About two weeks remain of the period extending thirty days from June 12.

Firms operating under any assumed name, style, corporate or otherwise, are required to observe this law. If a firm sells its interests, the new owner or owners must obey the mandate, law six of the Jash prolehen

RUMMAGE SALE TO AID CHARITY FUND

PROCEEDS FROM RED CROSS PROJECT WILL BUY MILK AND ICE.

Friday and Saturday, July 1 and 2, have been set by the local chapter of the Red Cross as days to conduct a rummage sale for the benefit of the Vernon free milk and ice fund. The enterprise will be carried on in the store of the Sigler building, formerly occupied by Baker Bros. Drug Company.

Everyone is urged to assist the sale by sending any usable and salable articles and by purchasing something in return. Committees have been appointed to take charge of the work.

On the executive committee are Mrs. J. N. Johnson, Mrs. N. R. Heath, and Mrs. J. E. Lutz. A committee from the Home Science Club will solicit the southeast portion of town, one from the Culture Club the southwest portion, a Delphian committee the northeast portion, and representatives of the W. C. T. U. the northwest portion of Vernon.

Mrs. Paul Goetz and Mrs. P. E. Phillips will have charge of solicitations from the business district. Chairmen of committees are the following: Miss Ina Works, automobile committee; Mrs. George Backus, sales force; Mrs. Alf Hills, hall committee; Mrs. Will Colley, cashier; Mrs. Rupert Sewell, candy booth; and Mrs. L. A. Holler, market.

Mr. Brown of Floyd-Brown Motor Co. of Quam was in Vernon yesterday.

KEEP THE GARDEN PRODUCING ALL THROUGH THE SEASON

Ground Should Be Kept Busy all the Time, Either by Companion Cropping, by Following One Crop With Another, or Successive Planting.

Southern gardens begin to look seedy about June 10, gardens in the Middle States section are in the height of their glory, and the New England gardens are just getting well started. It seems to be a foregone conclusion on the part of most persons throughout the Southern States that southern gardens can be grown only in the spring and in the fall, with a few chance hardy crops during the winter.

The farmer of the middle section plants his spring garden, then gets busy with farm crops, and very little further attention is given the garden, unless the work is done by the women. In the New England States and parts of the northwest where the growing season is quite short only one crop of most vegetables can be grown. In the middle section, however, two crops can often be grown on the same land, and, more important still, a continuous supply of peas, beans, sweet corn, and a number of other vegetables can be had by making successive plantings.

Grow One Crop After Another.

The garden is generally the richest spot of ground on the farm, and for that reason should be expected to produce more than any other similar area. To get maximum production, however, it is necessary to keep the land busy all the time. This can be done in two ways: first, by companion cropping, and, second, by following one crop with another or successive planting.

There are a number of crops that lend themselves to companion cropping. For example, where onion sets are planted in rows, say 18 inches between the rows, a row of radishes, spinach, or lettuce can be drilled between the rows of onions and be off the ground before the onions need the space. Spinach, radishes, early beets, or turnips can be planted between carrots, parsnips, and salsify. A crop of

snap beans can frequently be grown between the rows of tomatoes. Radish seeds may often be planted alongside a row of peas, the radishes being pulled out of the way before the peas begin to climb the trellis or bush provided for their support or to spread over the ground. A little later in the season sweet corn or late cabbage can be planted between the rows of early Irish potatoes and make considerable of a start before the Irish potatoes are dug.

In the extreme South a few crops that will withstand the heat should be planted for midsummer use. Swiss chard, while adapted to a temperature climate, does fairly well under southern conditions, and continues to produce greens throughout the greater part of the summer. Bussella, or New Zealand spinach, is adapted for the production of greens during the heated period.

In the middle section, early peas may be followed by late cabbage, late potatoes, late snap beans, beets, or turnips. Early Irish potatoes may be followed by turnips, late snap beans, or by late sweet corn.

Fall gardens should in no case be overlooked, especially from the Middle States southward. Plantings of practically all the early spring vegetables may be made from July to September, according to locality, and be brought to maturity before early autumn frosts. By proper attention to the garden, fresh vegetables may be had through a period of about 10 months of the year in the extreme South and for about 7 months in the middle section. The season for the New England and northwestern sections is necessarily much more limited, but even here the efficiency of a garden can be greatly increased by a careful study and attention to the matter

of companion cropping and successive plantings of certain vegetables.

Late cabbage seed should be sown about June 1 in most sections and the plants set in the garden June 20 to July 5. The last planting of sweet corn should be made about 80 days before the first killing frost of autumn may be expected.

Most crops mature in a shorter period in the late summer than in the spring. This is due to the shortening of the days and the tendency of the plant to "hurry up" to produce its seed before winter overtakes it. It pays to take a chance on late plantings of beets, carrots, lettuce, spinach, snap beans, sweet corn and turnips if you like them.

As a rule early or quick maturing varieties are best for late planting. This does not apply, however, to Golden Bantam corn which does best in the spring. Evergreen or Mammoth Evergreen corn are considered best for late planting.

A Few Tricks Worth Learning. Plenty of fertility in the soil and a little commercial fertilizer will help greatly to push the late crops to maturity. In some sections a little nitrate of soda is used as a top dressing to hurry the plants along.

There are a great many little tricks that should be learned and practiced by the gardener. It is not necessary

to be a wizard to practise these tricks but just a good, common sense gardener. One of the best of these is the use of a board laid over the row of seeds for a few days after planting to hold the moisture and make the seeds start during dry weather. Another is to flood the furrow with water and allow it to soak into the soil before dropping the seeds, then cover

with dry earth. Slightly packing or firming the dry soil over the seeds will help to bring the moisture to the surface and make the seeds grow. Garden tricks are easy to perform—try a few and see the results in the form of fresh vegetables for the table—it means better living.

RED CROSS LOAN CLOSET IS FILLED

FREE MILK FUND ALSO STARTED AND DISTRIBUTION BEGINS TODAY.

The Red Cross Loan Closet was bountifully stored with bed linens, towels, night gowns and baby layettes when the shower for its benefit was held last Wednesday afternoon at the home of Mrs. J. L. Swartwood. About forty women were present and each one brought one or more articles for the Loan Closet, each of which was marked with a small red cross. These things were placed in the custody of Miss Rose Ellmann, county nurse, who will use them in the sick rooms where they are needed.

Initial donations for the Free Milk and Ice Fund were also taken Wednesday afternoon to the amount of \$15.79. This fund will be maintained throughout the summer months for the use of mothers who are not able to buy milk for their children, and it will be augmented from time to time by donations and benefits. When it is possible, the recipients of the milk and ice will be required to pay a small sum within their means for it. If they can afford to pay no more than a cent a pint for the milk that much will secure it for the use of their children, and if they are unable to pay even that amount it will be supplied them absolutely free of charge. Investigations will be made by Red Cross officials and an attempt will be made to give milk to all the children in Vernon who are in need of it. Distribution was started today, milk being purchased from and delivered by the local dairies.

A Vernon nutrition class will be started by Miss Ellmann within a few days, it was announced yesterday. Children will be taken to the Red Cross office and will be given milk and taught the proper way of nourishing their bodies.

CHAIRMAN OF INTERSTATE COMMERCE COMMISSION

Edgar E. Clark

Edgar E. Clark, who was recently appointed chairman of the Interstate Commerce Commission by President Harding.

WILL COMPETE FOR FINE SWINE AWARD

LOCAL EXHIBITORS TO ENTER EXCELLENT SPECIMENS AT STATE FAIR.

Forty-one Poland China herds have been entered at the State Fair for the honor of exhibiting at the national swine show, and among the Texas breeders competing in the \$22,000 prize classic are A. M. Bourland and M. S. Sharp of this county. They will submit Long Orange, Jr., Sue, and a number of other fine specimens of gilts and sows.

Long Orange, Jr., is a hog of wonderful proportions, and last year took third place in its class against exhibits from three states. Sue is also an excellent specimen and was awarded second place at a Vernon fair. Mr. Sharp possesses a sow of even finer quality than Sue which he will send to the State fair. The local breeders entered but one hog, Long Orange, Jr., at the fair last year.

Is Great Classic.

The Poland China futurity is the great American swine classic. Breed-

ers of this specimen of hog will show this year for a total of over \$22,000 in cash prizes with over 600 exhibits competing for awards and for the honor of representation at Peoria, Ill. in October at the national round up futurity of the national swine show.

Texas has the honor of having been the first State to make the required number of nominations. At the time of the 1920 show twenty-four nominations were made for the 1921 futurity. This action was several months in advance of that of other states.

VOLUME 13.

VERNON, WILBARGER COUNTY, TEXAS, TUESDAY, JUNE 28, 1921

NUMBER 48

WILBARGER RANKS WITH BEST WITH ROAD EQUIPMENT

County Judge and Commissioners Find Highway Machinery Equal To Any In State—Will Improve Means of Maintenance—Proposed Truck Law Comes In For Criticism.

Wilbarger county ranks with any other in the State in the matter of road machinery and equipment it possesses, in the opinion of the county judge and commissioners who attended the State convention in Fort Worth last week. In only one respect, that of maintenance, was this county lagging and measures are now under consideration to remedy this shortcoming.

"The trip was a most instructive and profitable one," said Judge E. L. McHugh, "and we were convinced that our county is the equal of any of the others in the matter of being equipped to build new roads. We learned several new phases in connection with road work, and were confirmed in other opinions that we already held."

Conducted Demonstration.
A demonstration of road work and machinery was conducted for the benefit of the visiting delegates. General duties and problems of county judges and commissioners were also fully discussed. The convention took place in Fort Worth Wednesday, Thursday, and Friday.

Another important matter considered by the convention was in regard to the new proposed truck law for Texas. This measure, which has aroused a storm of protest in every part of the State, was discussed from every angle. Judge E. L. McHugh spoke on the subject, and the opinion expressed by the local official was heartily endorsed by R. F. Johnson, State representative from this district.

Law Needs Remedying.
According to Judge McHugh, the truck law should be aimed at a somewhat different angle from that which it has assumed. The contention of the magistrate is that roads are constructed to bear a certain weight, and all extra burdens above that amount are what causes damage. If the county builds a highway intended to support up to and including five ton trucks, it is the conveyance above that weight that causes the road commissioners grief.

Therefore, said the judge, the problem to be considered is that of either prohibiting these heavy trucks or making some provisions for their travel. The consensus of opinion at the convention appeared to favor more trucks built to carry lighter loads. In this way, it was thought, county roads can be kept open for travel more effectively.

A committee was appointed at the convention to confer with similar bodies from other organizations of the State at a meeting in Dallas the end of this month concerning the truck law. Recommendations will be made to the Legislature.

START DEEPENING TRIANGLE.

Work At Taking Hole Further Down Commences Monday Evening—Other Wells Drilling.

Work at actually deepening the Triangle hole on the holdings south of town commenced Monday evening. Thus far since operations have been resumed, efforts have been directed at cleaning out the hole in preparation for further drilling.

It was necessary to remove the liner before recommencing drilling, and this task is expected to be completed. This debris has been thoroughly cleaned out, and the hole is being taken down.

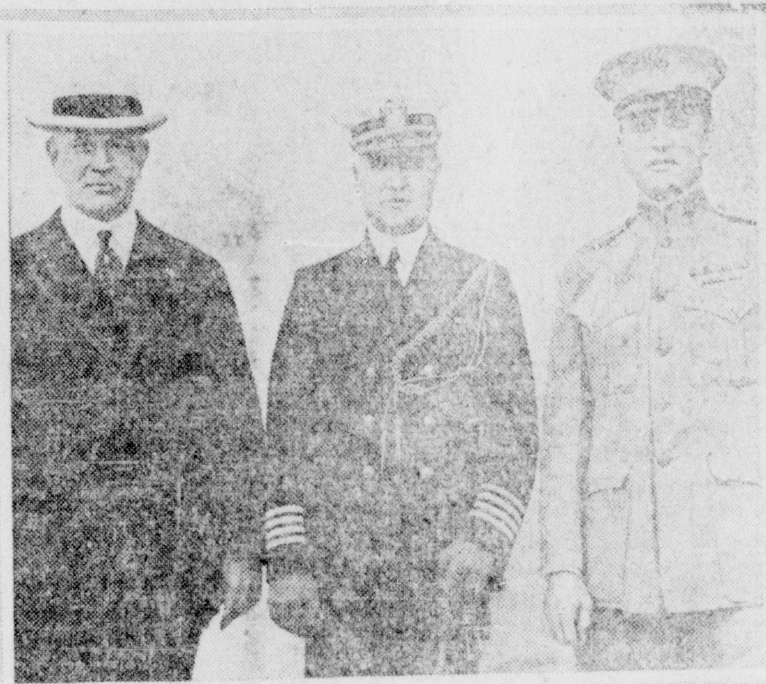

The Texhoma test, east of town, is down in the neighborhood of 1,500 feet. No unusual showings have been encountered, and drilling is progressing satisfactorily.

The Gene well, being drilled by the Sigler Company south of town, is down about 1,800 feet. The management expects to finish the contract depth on this hole.

Oklahoma School Election Carries.

School bonds placed before the voters of Oklahoma school district Saturday, June 25, carried overwhelmingly. A proposition to increase the tax rate not to exceed one dollar carried twenty-six to one, and a second measure calling for the issuance of \$15,000 in bonds carried twenty-five to two.

DOANS PLEDGES 991 BALES OF COTTON

SHOWING OF COMMUNITY LAST NIGHT IS BEST THUS FAR IN COUNTY.

Farm bureau workers at Doans last night obtained pledges for 991 bales of cotton for the million bale pool in process of formation for Texas by July 1. There were thirty-five farmers present and thirty-five contracts were signed. This is the best showing from any Wilbarger county community thus far.

Wilbarger's quota in the drive for cotton will probably be more than 10,000 bales, according to the county agent. Thus far about 8,000 bales have been turned in. Most of the canvassing is being done by persons in the respective communities, and the harvest season is hindering considerably in the campaign. The fact that Wilbarger county started late on its work of obtaining cotton contracts is another hindrance.

Foard County Over Top.
T. M. Haney, president of the Foard county bureau, is in Vernon today and declares that every cotton farmer in his county with the exception of twenty-one have signed contracts. Those wayward ones are expected within the fold before the first of the month.

Foard county's quota is 6,000 bales, and thus far 7,000 bales have been obtained.

RETURN FROM FISHING TRIP.

Party Of Vernon People Were Encamped Seven Miles From Snow Line In New Mexico.

A party of Vernon people have returned from Gallinas Canyon, New Mexico, where they spent two weeks on a fishing trip. They are Mr. and Mrs. E. W. Hampton, Mr. and Mrs. W. S. Lundy, and Mr. and Mrs. W. K. Kester.

Visits were also paid to Eagle's Nest Lake and Chinarron Canyon. The trip was made in three cars, two Dodge cars and a Chalmers. The party was encamped at one time seven miles from the snow line and heavy blankets were necessary for warmth at night. At noon the sun beat down with considerable intensity, however.

There were plenty of fish, according to Mr. Hampton. Mr. Lundy caught the largest of any of the others, his prize being a three and one-quarter pound trout measuring nineteen inches long. The "fish that got away" was also on Mr. Lundy's hook, and there is the solemn affirmation that it was three feet long. Others in the party met also with good luck in fishing. Roads were fine, said Mr. Hampton, and good time was made.

Home From Ward-Belmont.

Miss Dorothy Hicks, daughter of Mr. and Mrs. E. P. Hicks, returned home Sunday afternoon after a visit of several weeks in Springfield, Tenn., with her roommate, Miss Elizabeth Garner. Miss Garner accompanied Miss Hicks to Vernon. Miss Hicks has been in attendance at Ward-Belmont College the past year and graduated with high grades from the academic department of that school.

Boys Paice Car.

A five passenger Paice was purchased last week by Cliff Jarvis from the Works Auto Supply Co.

TRACTORS PLOW NEAR FAIRGROUNDS

DEMONSTRATION CONDUCTED SHOWS PREPARATION OF GROUND FOR PLANTING.

A five acre patch immediately east of the fairgrounds was the scene of much busting and activity yesterday during the demonstration of Fordson tractors and farm machinery by Napier Bros. Motor Co. The exhibitions commenced at 10 o'clock in the morning and continued until 4 in the afternoon. Lunch was served on the grounds at noon.

The process of preparing ground for planting was seen through by tractor operators for the benefit of a considerable group of spectators. A three disc plow was pulled over the ground, a Cult-Packer double action disc harrow immediately following, and then a grain drill was sent around. Eight acres a day is the average amount of ground that can be plowed with one of the machines, and at the present prices of fuel and lubricating oil the cost is about 25 cents an acre. The tractor, it is said, takes the place of six mules.

A feed mill was also run with the tractor, and a demonstration given of its mobile power. Messrs. Hutson, Wheeler, and Atwood, representatives of the Ford Motor Co. and Morris Bros. Implement distributors, assisted the local firm in conducting the demonstration.

PARKS K. WESTMORELAND WEDS

Former Vernon Boy, Son of Mrs. J. E. Collins, Is Married In Media, Penn. June 22.

Parks K. Westmoreland, a former resident of Vernon and son of Mrs. J. E. Collins of this city, was married to Miss Edythe Martha Vernon Wednesday, June 22, according to announcement just received here. The wedding was a quiet one and immediately after the ceremony the young couple left for Washington, D. C., and Virginia where they will spend their honeymoon. They will make their home in Philadelphia, where Mr. Westmoreland is a branch manager of the McQuay-Norris Manufacturing Company.

Mr. Westmoreland was born and reared in Vernon and is a graduate of the local high school. He will be remembered by a great many persons here. It has been about two years since he visited his mother and friends in this place.

RAISES ELBERTA PEACH WEIGHING SIX POUNDS

A peach weighing six pounds and measuring nine and three-quarters inches in circumference is a product from the small orchard of Walter Ladd living on East Texas street. The fruit is cling and free stone mixed and is beautifully colored. It is of the Elberta variety.

Mr. Ladd gathered three bushels of peaches from his earliest trees. He raises the fruit for his own use. He has had good success for several years.

Farmers Holding Cotton.

There are about 400 bales of cotton in the local warehouse, according to J. W. Brock, manager. That in storage is moving very slowly. Seventeen bales were shipped out Monday, but this was the first activity of this sort for several weeks.

ENCAMPMENT FOR CLUB GIRLS TO BEGIN WEDNESDAY

Preparations Are Made To Care For Forty-Five At Allingham Park—Program Provides Entertainment For Each Hour Of Every Day—Mrs. Phoebe K. Warner Will Speak.

Forty-five girls have signified their intentions of attending the home demonstration camp which commences tomorrow and continues three days, and preparations are now made to care for them at Allingham Park in the west portion of town. An elaborate program has been carefully prepared by the county agents, and every hour for the entire camp will have its assignment.

Mrs. Phoebe K. Warner, special writer for the Fort Worth Star-Telegram, is one of the speakers on the program, and local citizens will also be called upon to talk to the girls. There will be a musical program by local talent.

Sufficient equipment is now on hand for the camp. The girls will bring certain of their clothes and part will be furnished by the home demonstration department.

Following is the program that will be observed during the club girls' encampment.

Program For Encampment.

WEDNESDAY, JUNE 29—

10 a. m.—Meet at Library and go to Camp Grounds.

11 to 11:45 a. m.—Address by W. N. Stokes.

12 to 1 p. m.—Dinner.

1 to 2 p. m.—Quiet hour.

2 to 4 p. m.—Reading making by Miss Kirtle D. Washington.

4 to 6 p. m.—Trip to printing offices and stores.

6 to 7 p. m.—Supper.

7:30 to 9:30 p. m.—Musical program by local talent.

Taps.

THURSDAY, JUNE 30—

5 a. m.—Rising.

5 to 7 a. m.—Hike and Swim.

7 to 8 a. m.—Breakfast.

8 to 8:30 a. m.—Singing.

8:30 to 9 a. m.—Talk by Mayor and by Judge McHugh.

9 to 10 a. m.—Keeping the Record Book by Miss Millie Halsey.

10 to 11:30 a. m.—Standard Packs by Miss Bess Edwards.

12 to 1 p. m.—Dinner.

1 to 2 p. m.—Quiet Hour.

2 to 2:30 p. m.—"Other Girls" by Mrs. Jennie Newby.

2:30 to 3:30 p. m.—Making curtains for girls rooms.

3:30 to 6 p. m.—Trip over city and to Mill Hill.

6 to 7 p. m.—Supper.

7 to 7:30 p. m.—Games and contests.

7:30 to 9 p. m.—Picture show.

Taps.

FRIDAY, JULY 1—

6 a. m.—Rising.

6:15 to 7 a. m.—Sunrise Service by local ministers.

7 to 8 a. m.—Breakfast.

8 to 9 a. m.—Physical Education.

Health talk by Miss Rose Elliman.

9 to 11 a. m.—Talk to girls by Mrs. Phoebe K. Warner.

11 to 12 a. m.—Work on booklets or curtains.

12 to 1 p. m.—Dinner.

1 to 2 p. m.—Quiet hour.

2 to 3 p. m.—Singing, etc. Music by Dr. A. P. Howard.

Disbanding.

Program Of Music.

Following is a program of music that will be rendered for the girls Wednesday evening at 7:30.

Orchestra, Selected—Goetze's Junior Orchestra.

Solo, "Give a Man a Horse He Can Ride," O'Hara—Mr. Edwin Lisman.

Piano solo—Mrs. W. H. Higgins.

"One Fleeting Hour," Dorothy Lee—Mrs. A. H. Marchison.

Solo dancer, Scotch Highland Fling—Miss Thelma Sherrill.

"Where My Caravan Has Rested," Lohr—Miss Mildred Young.

Reading—Mrs. C. J. Farrell.

(1) "Swing Low Sweet Chariot."

(2) "I Got Shoes, You Got Shoes."

—Messrs. Gus Ramage and Ted Morrow.

Balls Cement House.

F. B. Elliott is building a cement block house in the Wheatley addition, on the country club road. It will be a four room residence.

To Have Lawn Party.

There will be a lawn party and a business meeting of the Epworth League of the Methodist Church on the church lawn at 8:15 o'clock tonight.

UNCLE SAM'S LATEST WAR TANK IS A WATER BUG.

A new caterpillar tank was successfully tried out at Stockton, Cal., recently by U. S. Army officers. The photograph shows the tractor as it appeared while executing test maneuvers in water at the Holt Testing Grounds. An army officer directs the shingle mechanic who operates it. The new tractor can go under water and has a periscope, with which the engine breathes. The caterpillar can go thirty miles an hour on land and carries a three-inch gun. The photo shows the tractor in stream, with army officer and mechanic during the Government test.

ICE RANGES FIFTY CENTS IN PRICE

COMMODITY FOUND TO BE CHEAPEST IN SOUTHERN PART OF STATE.

There is a range of fifty cents in the retail price of ice in Texas cities of the 5,000 to 15,000 class, according to figures compiled by the local Chamber of Commerce. Electrica, with ice quoted at one dollar a hundred pounds delivered to the consumer, tops the list, and Orange and Eagle Pass, separated by the width of the State between the Rio Grande and the Sabine River, deliver ice to the family boxes for fifty cents a hundred.

In Eagle Pass ice is sold at the factory for forty cents a hundred. Sixteen of the twenty-five towns that responded to questionnaires sent out from here reported that ice is sold to businesses at the same price paid by housewives. Geographically speaking, ice is higher in the Panhandle-Plains section of the State, and cheapest in South Central and South Texas towns.

The questionnaires sent out included also requests for information on electric light and current rates as well as water and sewer rates. Tables are being compiled to cover these figures.

MORROW WINS TOURNAMENT.

Victory Over Colley In Finals Friday Nets Local Chamber Manager Championship.

Jed Morrow is champion golfer at Hill Crest Country Club by virtue of his defeat Friday afternoon of Hub Colley 123 to 144 in the finals of the tournament for the president's trophy. The score represents play over eighteen holes.

Morrow's victory came as the result of steady, consistent play all through the tournament. There is nothing flashy in the Chamber manager's style of play, but his strokes are usually of the same calibre. The entire tournament was played over but two holes of the course.

Plans are under contemplation for the commencement of another tournament in about three weeks.

WILL STUDY COURSE OF 12 LESSONS IN PRAYER MEETING

A series of twelve lessons on the subject "The Bible" will be begun at the Central Christian Church Wednesday night at 8:15 o'clock. Gus Ramage, pastor of the church, will have charge of the course and will conduct the prayer meetings by means of informal discussions.

The subjects of the twelve lessons will be as follows: "How we got our Bible, How to study the Bible, How to read the Bible, The Old Testament confirmed, The New Testament Evidenced, God's purpose in the Old Testament, Inspiration of the Bible, The Bible as literature, The Bible as education, The Bible in the home, The Bible and character."

Purchases Oakland Touring Car.
An Oakland touring car was sold last week by the Works Auto Supply Co. to John Kunes.

Boys Lei West of Town.

D. T. Carpath purchased a lot in the Wheatley addition from Ben Henderson.

WOMEN PLAN 4TH OF JULY PROGRAM WITH PATRIOTIC LEADS

Albert E. Robinson, Past Of American Legion and Junior Chamber of Commerce Co-operating to Make Nation's Birthday In Vernon Memorable—Dinner at Fair Grounds.

Vernon will celebrate the Fourth of July. This is something new for Vernon—not that celebration, never, has been staged. However, previously, these undertakings have been of a private nature, and not for many years has a general patriotic celebration been attempted.

It is to the women, too, that thanks must be given for taking the lead in this year's patriotic program, the women of Wilbarger county. They are being assisted by the Albert E. Robinson Post of the American Legion and the Junior Directors of the chamber of commerce.

Plans include a patriotic parade, which will start from the high school building on West Paradise street, going thence to Main street, and north on Main to Texas street, where the procession will turn west to the County Fair grounds.

This parade will be headed by the marshal of the day, followed by musicians. Next will come the girls who expect to take part in the patriotic drill. Members of the local American Legion Post will come next, followed by Confederate veterans. Behind these will come decorated automobiles, after which cars in "every day costume" will fall in.

Citizenship Day Program.
R. H. Bratton has been appointed marshal of the grounds, and he requests that when automobiles enter the county fair grounds they park to the right of the road, leaving the grove of trees for a lunch ground. Dinner will be in the form of a basket picnic; however, for those who do not care to prepare anything to eat, there will be a booth at which sandwiches and ice tea can be purchased.

As soon as the parade reaches the fair grounds, every one is requested to go immediately to the grandstand, in front of which will be a "Citizenship Day" program. This will include a flag drill by young women from various sections of Wilbarger county, a sing song led by Gus Ramage and accompanied by Mrs. Roy McConline's orchestra, an address of welcome and an introduction of the speaker of the day by Mayor Harry Mason. Rev. E. L. Moore, pastor of the Presbyterian Church, will deliver the address.

\$10 For Best Decorated Car.

A continuous program is being planned, including a parade by decorated automobiles around the race track. Ten dollars will be paid to the best decorated automobile, and \$5 for the second best. There will be trick riding, a gun drill, the flag drill, and baseball. Patriotic music will be played throughout the day.

Every citizen in the county is asked to repeat "America's Creed," which will be led by Gus Ramage. This is done at request of the National Government.

A charge of 25c will be made to help defray the expenses of providing a program for the Nation's birthday, the women in charge feeling that this sum is nominal, and they were unable to undertake the Fourth of July celebration on any other basis.

Marriage Licenses Issued.

Marriage licenses were issued June 23 to Monard Spikes and Miss Laura Hamilton of Electrica, June 24 to J. P. Tolbert and Mrs. Melissa Snow of Oklahoma, June 25 to K. W. Collins and Miss Mary Abbie Rouison of Goodlet, June 25 to Raymond Walde and Miss Roselyn Baird, June 25 to J. B. Leverett and Miss Daisy Moody of Harrold, June 25 to H. L. Leverett and Miss Janie Mae Hampton of Harrold, June 27 to Paul G. Kneschke and Miss Mary Lovke, June 28 to Smith Nixon and Mrs. Jean Rush.

Boy To Covingtons.

A ten pound boy was born this morning to Mr. and Mrs. W. D. Covington living in north Vernon.

Undergoes Serious Operation.

Mrs. Bob Roark of Wildcat underwent a serious operation Sunday. Her condition today was reported as satisfactory.

MORE'S THEATRE PROGRAM

CONTINUOUS SHOWING—TODAY—TUESDAY.

A Miraculous, Side-Splitting Comedy.
DOUGLAS MACLEAN'S greatest story.
"CHICKENS."

Hatched in a nest that was feathered with millions, he imagined chickens grew on the plants—but he met her—and set the whole town cackling.

Also Sunshine Comedy, 2 parts "VERSE AND WORSE."

Regular admission 30c, 25c and 10c.

Wednesday, Matinee and Night.

MACK SENNETT presents

"LOVE, HONOR, AND BEHAVE."

featuring Ford Sterling, Chas. Murray, Marie Provost and 20 others in 3 ripping reels.

Thursday:

MAURICE TOURNEUR production.

HOPE HAMPTON in "THE BAIT."

(The Texas Girl). Also 2 part Educational Comedy.

Friday—Special picture "Paying the Piper."

**COUNTY FARMERS
WORK STRENUOUSLY**DAYLIGHT TO DARK IS SPACE DE-
VOTED FOR BRINGING IN
HARVEST.

Sixteen hours a day is characterizing work on Wilbarger county farms the past few weeks, and it is probable this strenuous activity will continue for at least two weeks longer. Harvest has been completed and threshing is well under way. The time for labor does not extend from one certain hour to another, it is now from daylight to dark in a determined effort to "beat" the sheaves before another rainy period sets in.

With weather of several weeks ago necessitated the cultivation of few crops, and this has served to add a tremendous burden to the already overloaded shoulders of the agriculturists. Fair weather for the past week, however, is proving a powerful ally, and from present indications county wheat will be brought in with good success.

All Share In Labor.

The work is not being limited to only human hands and bodies. Horses and mules are sharing in the harvest season and evening on the farms finds these dumb brutes all but exhausted. The work is proceeding with facility, however, and ere long the animals and their masters will have completed the most severe of their toil.

Aside from wheat, Wilbarger crops are showing splendidly. Present prospects indicate that corn will produce a bumper yield and feed crops are appearing similarly flourishing. Beans several weeks ago evidently provided the requisite amount of moisture for the life of these products, and indications are that they will parallel anything before grown in this section.

Wheat in Wilbarger county in some instances has yielded surprisingly. J. W. Overton, living southeast of Oklahoma, is reported to have threshed out 1,000 bushels on forty acres.

Notice To Taxpayers.

The Commissioners Court of Wilbarger County, Texas will convene at the Court House in Vernon, Texas, on Monday and Tuesday, June 27 and 28, 1921, as a Board of Equalization to equalize the taxes for the year 1921, and this is to notify you to appear before said Court on said dates to show cause, if any you have, why the valuation of your property should not be raised.

**GO TO
THEATRE**

At More's Theater.

Today—Douglas MacLean in "Chickens."

Again we have the privilege of seeing the popular star of "Twenty Three and a Half Hours Leave," and "The Rookie's Return." He has with him this time, however, not Doris Mayban Gladys George.

Wednesday—"Love, Honor and Behave," a Mack Sennett production. Yes, it is a comedy, but a comedy with a story plot, a bit of pathos and a great deal of human interest.

Thursday—Hope Hampton in "Bait." A girl is accused of a crime she did not commit and on her way to arrest she is rescued by a man who becomes her guardian. She later learns that he is a crook who has introduced her to a millionaire in order to use her in robbing him. But she falls in love with the millionaire and spoils the plot of her guardian.

At the Pictorium.

Today—Alma Rubens in "Thoughtless Women."

This is a story of a girl and her mother and the vain desires of the latter which lead the daughter into the sham-life of the society which she loathes. The mother of this tale is an exception because she causes her daughter sorrow rather than happiness.

Wednesday—H. B. Warner in "Dice of Destiny." "Dice of Destiny" deals with a gang of crooks and has much the nature of "Alias Jimmie Valentine." One of the gang is a girl, the daughter of the leader, and the love affair between her and Jimmy is the uplifting part of the story.

Thursday—Madge Kennedy in "The Highest Bidder."

This picture tells the story of a girl condemned by circumstances to wed a wealthy man for his money alone. As luck would have it she really does fall in love with him, but unfortunately he thinks she is in love not with him but with his money.

Boy To Mr. and Mrs. Byrd.

A boy was born Saturday to Mr. and Mrs. Louis Byrd.

L. G. Hawkins returned Saturday from Dallas.

Mr. and Mrs. E. E. Westmoreland and two little sons, Earl, Jr. and Paul, of Antlers, Okla., drove to Vernon last Wednesday to visit Mr. Westmoreland's mother, Mrs. J. E. Collins, for a short time.

HELP VERNON CELEBRATE

An ALL-COUNTY celebration is planned at the County Fair Park in Vernon—by Women of the county, Albert E. Robinson Post of the American Legion, and Junior Directors of the Chamber of Commerce.

MONDAY, JULY FOURTH

A big PATRIOTIC PARADE from the High School building to Fair Grounds Monday morning begins a day of patriotic entertainment. In the grand-stand there will be a community sing song; while in front will be a flag drill, patriotic speaking and music, trick riding, and other features of interest.

\$10 For Best Decorated Auto

Ten Dollars will be paid for the best decorated automobile; with a second prize of \$5. Bring your dinner and come; or, if you prefer, buy a sandwich at the Fair Grounds.

Bids will be received by E. M. Haney for the right to sell Ice Cream, Confections, and other Concessions.

Celebrate July 4th--AMERICA'S BIRTHDAY**3,918,139 WHITE
PEOPLE IN TEXAS**1920 CENSUS SHOWS INCREASE OF
712,288 DURING TEN-YEAR
PERIOD.

Washington, June 27.—The white population of Texas numbers 3,918,139, an increase of 712,288 compared with ten years ago. The total population of the State, 4,663,228, is an increase of 896,680. The negro population of Texas as shown by figures from the Bureau of the Census numbers 741,728, an increase of 51,974 during the ten-year period. Indians to the number of 2,110 are an increase of 1,408; Chinese 775, an increase of 181; Japanese 149, an increase of 309, while all other races in the State numbered 34, which was an increase of twenty-six during the ten-year period. Mexicans are listed as "white."

Indians Show Decrease.

There was a heavy decrease recorded in the number of Indians throughout the United States, accounted for by the enumeration as Indians in 1910 and as white in 1920 of persons having only slight traces of Indian blood. Of the total decrease in the Indian population an recorded the greatest drop is recorded for Oklahoma, where there are Indians to the number of 55,919, according to the 1920 census as against 74,825 in 1910, a decrease of 18,906. These figures still are harmonious with those of the Interior Department, which lists all as Indians having a certain degree of Indian blood.

The white population of Oklahoma numbers 1,222,541, an increase of 378,016, while the negro population is 149,467, an increase of 11,735.

Negroes Decrease in South.

While the greatest number of negroes reside in Southern States, its percentage of increase in this race is far less than that for the North and West. In the South there are nearly 9,000,000 negroes, an increase of less than 2 per cent compared with 1910. In Northern States there are 1,472,000, an increase of 45.3 per cent, and in the West 78,501, an increase of 55 per cent.

A MIGHTY OFFER

THE ENTIRE STOCK OF

MISS J. L. MURRAY

STARTS FRIDAY, JULY 1
AT 9 A. M.

VERNON, TEXAS

AND LASTS 10 DAYS

Has been placed in charge of the HARRIS SALES COMPANY of Dallas, Tex., to be sold in the quickest possible time.

We Never Meet Prices

But we do always sell for a good deal less than most others and you will find one of the best assorted stocks of Ladies' Ready-to-Wear, Millinery and Furnishings ever offered at such ridiculously low prices, that you will be utterly surprised. We were lucky to be on the job a few months ago and bought our own pick of the best and at a very reasonable price. Every dollar's worth of this merchandise and the new shipments that are arriving every day will be placed on sale at prices that will surprise you. Don't fail to be here on the opening day and get the pick of our stock.

Attention, Ladies

We know that every lady in Wilbarger County knows this stock, and we realize the futility of an attempt to put in words a description of the merchandise and shall desist from laying any unnecessary tress upon you for by attempting to itemize our values. We want every lady who wants to be well dressed and who has the slightest intention to economize, to investigate this most unusual proposition. These are potent arguments to use to bring you to our store, aren't they? But we can't be to emphatic. Come here expecting to find the best values ever offered; you won't be disappointed; your expectations will be far exceeded in every instance. Everything going at sale prices—nothing reserved.

REMEMBER THIS

We want each and every person reading this circular to know and understand that we are not putting on this sale for the profits that could be made, but that it's only purpose is to reduce stock and make room for our new fall merchandise that will arrive in next few weeks. This is not one of the "Every Month Sales" or the "Hip-Hip-Hurrah Sales," but an Honest to Goodness Sale for you and your friends.

Come Every Day—Something New All The Time.

For Lack of Time and Space We Can't Mention Many Prices

Values You Can't Beat in Coat Suits.

\$35.00 values going at \$16.50
While they last.

One Lot of Georgette Blouses.

\$15.00 values going at \$7.50
One lot Crepe de Chine Blouses,
\$17.00 values going at \$10.00

Nice Selection of Spring Coats.

Choice up to \$35.00, going at \$12.50
Choice up to \$65.00, going at \$30.00

Some Real Values In Hose.

\$5.00 values going for \$3.00
Regular \$2.50 values in Black, White
and Brown, while they last \$1.35

Real Values in Petticoats.

\$7.50 values going for \$4.00
\$15.00 values going for \$7.50

Bargains in Corsets.

\$2.00 values going for 98c
\$8.75 values, while they last \$5.50

Silk Dresses.

Values up to \$30.00, your choice,
while they last \$7.50

Don't Overlook Our Line of Millinery.

One lot of Hats, your choice \$1.00
One lot, values up to \$15.00, while
they last, going for \$5.00

Our Entire Stock

You will not find any undesirable or damaged merchandise. Everything is fresh and up-to-the-minute. We are preparing some big surprises for you in our big sale. Our pledge is to uphold our motto of: "Quality at a Cheaper Price," without exaggerating enables us to say that we have received many statements to the effect that this motto has greatly reduced the cost of living, and we are prepared to continue our pledge.

Reason For Our First Sale

On account of unpredicted business, we realized several weeks ago it was either cancel some of the season's orders or sell the goods. We have taken the best course and that is to sell the goods. Right in the heart of the season when merchandise should bring big profits—but we are going to sell the goods at prices that will move them in a hurry, because we need the room and prices made right will make room. The people of this county know that what we advertise we have, and what we say we do, and let us impress upon your mind now as never before that this is our first and greatest effort we have ever attempted to have put forth in an event of this kind. Don't fail to be here when Harris opens the doors to the big Honest to Goodness bargains. It's your opportunity to save and remember that every dollar saved is a dollar made.

Mr. F. L. Harper Personally in Charge of Sale

Free! Free!

On opening of our doors Friday morning the manager in charge of sale will give to the first 25 people entering the store an envelope and in these envelopes will be an order for some article in our store, such as Waists, Hose, \$1, \$2 and \$5 bills. Only one to each person and none to children. Be on time and get yours. You may get one of the \$5 bills.

Foreign Advertising Representative
THE AMERICAN PRESS ASSOCIATION

Vernon, Texas, Tuesday, June 28, 1921.

DISARMAMENT NOT THE CURE.

Undoubtedly disarmament is not the
sort of protection the United States
must have—if we are to live in a world
of nations armed to the teeth. Admit-
ting that we must be ready to protect
ourselves the fact remains that ex-
penditures for armament have reached
such a stage that to continue in the
mad race for martial supremacy seems
certain to precipitate the world into
bankruptcy.

America is by no means the only na-
tion whose statesmen are beginning to
understand that there is death at the
end of the race for military and naval
supremacy. As a result, it seems reason-
able to suppose that other nations
would welcome some idea looking to a
general disarmament. Indeed, many
European statesmen have let it be un-
derstood that this is their attitude.

After all, the question of armament
is relative. What would have made a
nation the first military power in the
world a decade ago would give very
low place now—so amazing has been
the growth of engines of destruction.
And if some plan of disarmament could
be agreed upon—and The Record is
loath to believe that we are blindly set
in our mad race—a nation might be
adequately armed with an expenditure
only a fractional part of that now con-
sumed at the shrine of the God of War.

No less an authority than General
Pershing has said the nations must
choose between disarmament or death.

THE SIX-HOUR DAY AGAIN.

The American Federation of Labor
again vindicated its sanity when it re-
fused to endorse the proposition of the
Seattle Trades Council insisting upon
a six-hour day with no over-time in in-
dustry. Another evidence of sanity is
the refusal of the convention to go mad
over the question of freedom for
Ireland.

These actions are evidence that the
radicals do not yet control the Nation-
al labor federation—no matter how
strong they may become in local unions
at isolated places.

No over-time in industry is even more
visionary than the six-hour day. It
may be possible to speed up industry
so that the world's work can be accom-
plished by working six hours. We are
far from that now, and the idea of a
majority of the proponents of the six-
hour day seems rather to do as little
as possible than as much—at the same
time demanding as much pay as for
working eight hours.

The practical man will find it hard to
recognize the idea of no over-time in
industry with efficient production; al-
though the production manager who
can get satisfactory results with no
over-time on any occasion will un-
doubtedly be efficient.

America is face to face with an in-

dustrial conflict which is going to be no
less grimly contested than was the
Great War. It would be unfortunate
to go back to the old days when men
worked twelve hours, and longer—nor
is such necessary. On the other hand,
too little work is no less an evil than
too much.

If the rumors of pirates off Cape
Hatteras are true, it is just another
evidence that we are getting back to
the "good old days," for which so many
pine.

MORE TRADE TERRITORY.

Vernon can secure more trade ter-
ritory in two ways—one, by getting more
farmers in Wilbarger county; the other,
by building a bridge, or bridges, across
the Red river. Why shouldn't both
plans be pursued?

In Wilbarger county there are many
farms of from one to three thousand
acres. To say that such a condition
handicaps development is to speak a
truth universally recognized. Tenants
farm the greater part of these immense
holdings, and under the most favorable
conditions, the tenant system curses
the soil.

It should be the definite aim of bank-
er, business men, and farmers to have
another thousand farmers in Wilbarger
county by 1930. To do this will
require systematic effort to let the
world know how productive Wilbarger
county is, and to provide roads over
which our farmers may haul in wet
weather or dry their cotton, wheat or
alfalfa; their cream, chickens, and hogs
to markets which we must provide. The
only question is, are we big enough for
the undertaking?

Another way to make our people more
prosperous is to construct the long-
talked-of bridge, or bridges, across the
Red river. Such a passage way would
bring hundreds of tourists through Ver-
non. More important than that, these
bridges would result in bringing to
Vernon, Odell, Oklahoma and Harold
much trade that now goes elsewhere.

Today isn't too soon to begin these
enterprises.

The law spoiled a wonderful love
story out at Lubbock, when a prisoner
accused of murder was sentenced to
serve 14 years in the penitentiary, de-
spite the fact that he married the
State's star witness just before the trial
started.

"Nothing socialistic about it," insist
those members of the American Federa-
tion of Labor who urged government
operation of the railroads and all other
primary industries. A great many men
agree that there wouldn't be anything
"socialistic" about such a program very
long, because there wouldn't be any-
thing to socialize.

WOULD EDUCATE TEXANS TO BUY WITHIN STATE

From \$300,000,000 to \$500,000,000 is
spent annually by Texans for out-of-
state products which could be bought
from within the state, according to fig-
ures of the Texas Chamber of Com-
merce which is fostering a movement
to educate Texas people to the variety
and quality of Texas products. An in-
dustrial council of twenty-five Texas
business men will be appointed to carry
out this program; this body will repre-
sent every line of industry. It will
hold regular meetings and work at all
times to spread a thorough knowledge
of Texas products among Texas buyers.

"When a Texas buyer spends his
money in Texas he receives not only the
value of the goods bought but he gets
also his share of the reflected pros-
perity which is the natural consequence
of such policy of buying from your
neighbor," says James Z. George, vice
president and general manager of the
state chamber.

Are Laying Water Extensions.

Water extensions are being laid by
the city between Lamar and Deaf
Smith streets and from W. Wilbarger
to W. Marshall streets. Extensions are
also being made from Sherman to Pine
streets between E. Wilbarger and E.
Marshall streets.

TEXAS PANHANDLE RICH IN CROPS

CORN LEADS OTHER 1920 PROD-
UCTS WITH VALUATION OF
\$68,000,000

The total value of 1920 crops in the
Texas Panhandle reached \$133,450,000,
according to figures compiled by the
local Chamber of Commerce. The
greatest amount realized from any one
product was that from corn, which was
valued at \$68,000,000. Grain sorghums
were second with a valuation of \$30,-
000,000.

The crops with their yields and val-
uations are as follows: wheat, 8,000,000
bushels, \$16,000,000; grain sorghums,
25,000,000 bushels, \$30,000,000; corn,
75,000,000 bushels, \$68,000,000; cotton,
95,137 bales, \$5,700,000; oats, 20,000,000
bushels, \$11,000,000; alfalfa, 250,000
tons, (estimated), \$2,750,000. This
agricultural data includes the follow-
ing counties: Armstrong, Briscoe, Cas-
tro, Childress, Collinsworth, Cottle,
Dallam, Deaf Smith, Donley, Floyd,
Foard, Gray, Hale, Hall, Hansford,
Hardeman, Hartley, Hemphill, Hut-
chinson, Lipscomb, Moore, Motley, Ochol-
tree, Oldham, Parmer, Potter, Sher-
man, Wilbarger, Wheeler, Roberts,
Carson, Bailey, Lamb, Randall, and
Swisher.

Livestock Value High.

The total value of 1920 livestock
(tax value) is placed at \$31,944,772.
The actual value is estimated at \$42,-
178,400. Numbers of livestock and
their value are as follows: horses and
mules, 151,754, \$6,433,696; cattle, 931,-
717, \$17,242,359; hogs, 92,767, \$652,406;
sheep, 70,905, \$363,398; goats, 1,077,
\$2,913.

The total value of products (crops
and livestock) is placed at \$175,628,-
400; the total value of farm property
\$283,355,000. Land, of which there
are 32,776,000 acres is valued at \$255,-
700,000 and buildings are worth \$27,-
655,000. This makes a total of \$283,-
255,000.

The total population according to the
1921 census is 172,902, and the total
bank deposits (estimated) are \$28,-
950,000.

Leads With Horses And Mules.

According to the livestock figures,
compiled, along with those on crops,
by Stuart McGregor of the Texas
Chamber of Commerce, Wilbarger leads
other counties in the Panhandle with
8,251 horses and mules valued at \$471,-
910. Other figures indicate that Wil-
barger county possesses 14,277 cattle
valued at \$367,325 and 4,903 hogs
valued at \$42,335.

TOURISTS TRAVEL EXCEP- TIONAL IN VIEW OF TIMES

Tourist travel on railroads into and
through Vernon is increasing appreci-
ably, according to local agents, and al-
though not as heavy as this time last
year, is nevertheless exceptional in
view of the general financial condition
of the country. Denver trains through
Vernon are running four Pullman
coaches, and many inquiries concerning
routes and destinations come in daily
to both Frisco and Denver offices.

Farmers are not traveling as much
as formerly, according to one agent, but
people are on the whole are not content
to stay at home during the hot weather.

Shower At Rayland Church.

Rayland Baptists Church workers
will conduct a clothing shower Satur-
day night, July 2, for the benefit of an
orphans' home. Everyone is urged to
attend and bring either wearing ap-
parel or gifts of money. After the con-
tributions there will be an interesting
program rendered especially for the
benefit of the older folk. This will be
given by the Ladies' Aid Society of
which Mrs. J. H. Davis is president,
and Mrs. Nina Newman secretary.

Miss Katherine Pierce left Sunday
night for Fryburg, Maine where she
will attend a camp for Ward-Belmont
girls. She joined a party of young la-
dies in Dallas and proceeded from there
on her journey. Miss Pierce will be
gone eight weeks and before her return
here will visit in New York City.

nolia Petroleum Co., were in Vernon
on business Monday.

WHEAT TESTS ABOUT NO. 3

Excessive Wet Weather Cuts Down
Somewhat Calibre Of Wilbarger
County Wheat.

The average wheat shipped out of
Vernon will be of number 3 calibre in
the opinion of one local buyer. There
will be considerable number 2 grain,
which tests 58 and 59 pounds to the
bushel. Number 3 wheat tests 56 and
57 pounds to bushel.

Number 1 wheat is less plentiful than
usually due to the excessive wet weath-
er several weeks ago. Grain in shock
suffered considerably and is not test-
ing as favorably as that which was
standing in the fields when the rains
came. Number 1 wheat tests 60 pounds.

The estimated yield in Wilbarger
county was placed by another wheat
buyer at 750,000 bushels. Seven and
eight cars of grain are being loaded out
of Vernon daily, and this number is ex-
pected to increase materially in the
near future.

Masons Elect Officers.

An election of officers for the ensu-
ing Masonic year which commenced
June 24 was held last Thursday and in-
stallation ceremonies were conducted
Friday. The following were placed in
office by the local lodge: Everett
Haney, worshipful master; D. Nor-
wood, senior warden; J. N. Fulcher,
junior warden; O. O. McCurdy, secre-
tary; L. G. Hawkins, treasurer; C. A.
Kressenberg, chaplain; Joe Parker,
senior deacon; S. E. Porterfield, junior
deacon; T. J. McGill, senior steward;
Fred McGill, junior steward; and J.
D. Ferguson, tyler.

Peaches.

Have plenty of peaches for every one
this week. Come and get them. Three
miles south of town and one and a half
miles west.

EXAMINATION SHOWS MANY UNDERWEIGHT

STATISTICAL REPORT OF CHILD
WELFARE CONFERENCE JUST
RECEIVED

Of the one hundred and forty nine children who were examined in Vernon during the Child Health and Nutrition Conference May 17 and 18, fifty-five were found to be under weight, according to the statistical report which has just been received from Miss Jeanie M. Pinckney, who came here from the University of Texas to conduct the conference, by Mrs. A. B. Stovall, local chairman of the nursing committee. Miss Pinckney explains in her report that ten per cent underweight represents the danger line and that for children the age of those examined three pounds is equal to ten per cent.

Of these fifty-five, eight were ten pounds or more, fourteen were six pounds or more and thirty-three were three pounds or more underweight. Fourteen were three pounds or more overweight. Twenty children were found, according to Miss Pinckney's report, to have no milk in their daily diet; twenty-five had no cooked cereal; twelve had no vegetables, and four had no fruit.

Physical defects were found as follows: Flat chests, 5; heart irregularities, 1; lungs (rales) 3; curvature of spine, 3; hernia, 4; round shoulders, 16; abdominal distension, 5; enlarged glands, 26; flat feet, 27; nail defects, 14; phemosis, 46; skin eruptions, 20; anaemia, 11; nervous condition, 4; teeth, 42; eyes, 12; ears, 20; nose, 20; tonsils, 78; adenoids, 56.

Miss Pinckney closed her report with the following exhortation to the local Red Cross committee. Fifty-eight of the one hundred and forty-nine children will be ready for school in a few months; are they physically fit to enter school? Let it be the aim of this committee to help these children to become physically fit before entering school. Encourage the children to use more milk, fruit, vegetables and cooked cereals. Encourage their parents to have the defects corrected while the child is young. These children should come back to the health center to be weighed and measured often."

Sunday School League

Percentages of the Teams.				
	P.	W.	L.	Per Ct.
Baptist	4	2	1	.750
Christian	3	2	1	.666
Methodist	3	0	3	.000

Leaders Are Defeated.

Through an overwhelming 14 to 4 defeat yesterday at the hands of the Christian team, Baptists no longer top the percentage column in the Sunday School league with 1,000 percentage. The Christian aggregation opened heavy fire in the second inning and sent four runs across home plate. The Baptists retaliated with two counters in the next frame, but in the fifth the hard hitting Christians added three more and in the final inning circled the bases seven times.

Winston, who pitched for the Baptists, and Johnson, hurler for the Christians, were both hit freely. Gilliland, Baptist catcher, batted 1,000 with four hits out of four times up. Curtis, Teel, and Jones were heavy hitters for the winners. H. Teel knocked out a home run.

Following is the box score and summary of the game.

Batters	A. B.	R.	H.	O.	A.	E.

RED CROSS HINTS.

Rabies.

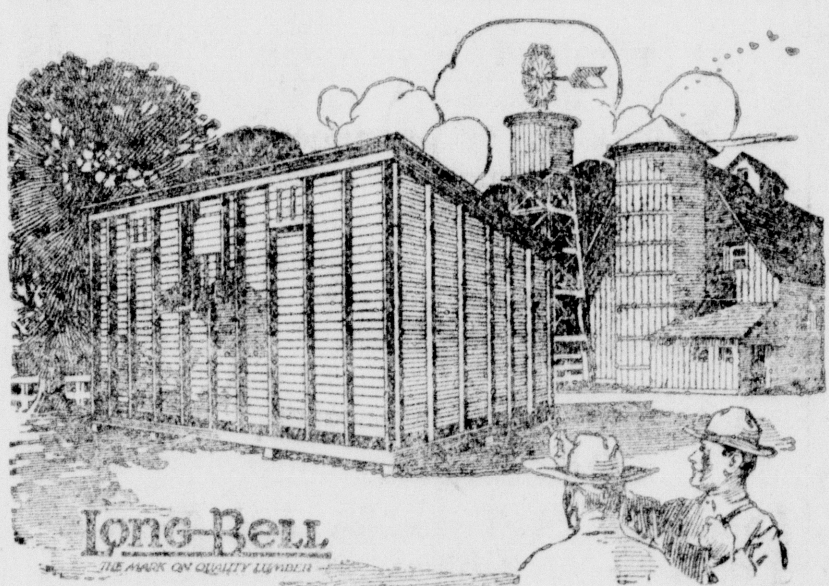

With the beginning of hot weather the danger season for rabies sets in. The virus of rabies, or hydrophobia, is present in the saliva of rabid animals, almost invariably dogs or cats. It is transmitted by bites of the infected animals or, more rarely, by the saliva from the animals.

Immediate treatment of a person bitten by a suspicious animal should be deep canterization of the wounds with strong nitric acid. The second step in ensuring the safety of the bitten individual is the conferring of immunity by

means of the Pasteur treatment. Thorough measures should not be neglected as the disease of rabies is one of the most terrible a person could have the misfortune to contract.

The dog should be confined carefully for ten days and kept under observation. If he has rabies at the end of that time he will have died. The life of the dog should thus be temporarily preserved to assist in determining whether the bitten person needs Pasteur treatment.

If, however, the dog has been killed, his head should be sent to the nearest Pasteur Laboratory for a diagnosis. Should the diagnosis be that of rabies the bitten person may receive necessary treatment by sending a telegram through the State Department of Health.

Be Independent-- Own Your Storage

"Why trust to luck that there will be plenty of cars or that the price will be right when you thrash? Lumber is cheap now. That Granary cost me a few cents a bushel capacity, and it's good for many years."

Recent experience taught farmers a costly lesson—that farm storage must be provided if they are to have anything to say about the price they receive for grain.

We will be glad to show you granary plans, and how little it costs to provide storage with lumber—and LUMBER PRODUCES IDEAL GRAIN STORAGE.

PLAN TO COMMENCE RECRUITING SOON

WANT LOCAL MILITIA TO OBTAIN
ENLISTMENT NECESSARY
FOR EQUIPMENT.

Strenuous efforts will soon be made by Captain Clyde Watts and J. V. Russell to recruit the local militia company to full strength. At present the organization embraces twenty-eight men, and it will be necessary to have fifty on the rolls before equipment can be obtained. Sixty-five is the number required for full strength.

Business reasons have prevented active recruiting thus far, but it is planned to enlist the requisite number of men before August 1. An enlistment office will be opened down town. The site of an armory has not as yet been decided upon.

As soon as it is possible to get equipment, a target range will be established. This will probably be five miles northeast of town on a site which must first be approved by army officers. It is planned to obtain four targets.

His Conscience Troubled Him

"I know I have done wrong, please forgive me for not doing my duty and writing you before. I am thankful to God for the good remedy He gave you, and would not take \$500 for the good the first dose gave me. I have been bothered for many years with gas in my stomach and indigestion, but since taking Mayr's Wonderful Remedy two years ago, have had no such trouble." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold in Vernon by Ferguson Drug Company and leading druggists everywhere. Adv. H.

Miss Gertrude Taber returned to her home in Chillicothe Sunday after a visit with Miss Winnie Wafer.

QUALITY AND THE COURAGE TO BACK IT UP

True courage is neither blind nor spectacular; true courage is patient, careful, intelligent; it holds to an ideal and lives up to it in the face of danger and difficulty.

We have never catered to our price cutting competitors for we have never carried anything in stock but high class merchandise; for our customers are all of the better class, therefore nothing but quality goods will do on our shelves.

We pride ourselves on having more friends than any other institution of its kind in Vernon.

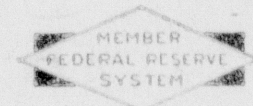

Thirty-two years ago this business was founded in this city and we believe it is only reasonable to state that our present business is built on nothing else than the reliability of our goods and the fairness of our business policy.

A. & M. PRESIDENT PRAISES RECORD EDITORIAL HIGHLY

Dr. W. B. Bizzell Says People Must Understand Underlying Causes of Drift From Open Country to Towns and Cities—Is Not Discouraged Over Outlook.

"I have just read your comment on a recent address I made with reference to conditions in the open country," writes President W. B. Bizzell of the Agricultural and Mechanical College of Texas to The Record. "My only object in writing you is to commend most heartily the unusually good analysis that you made of the conditions of rural life in our rural communities."

"Those of us who are spending most of our time in immediate contact with the rural situation, know that you have correctly described the conditions that exist and it is important for our people to understand the underlying causes of the drift from the open country to the towns and cities."

"Fundamentally, of course, the problem is an economic one. It is known to all of the world that the farmer has not been able to make his enterprise prosper. It is equally well known, perhaps, that it is not because the farmers of the nation have not produced adequate crops, but because they have not been able to secure adequate financial returns. In other words, the problem of marketing and distributing their products remains the unsolved problem of agricultural enterprise. If we can find a way to make farming successful as a business enterprise, it will be relatively easy to solve the social problems that you discuss in your editorial."

"However, I am not discouraged over the outlook. I think there is a better day just ahead for agriculture. One of the reasons for this belief is men like you who are responsible for the public opinion of the nation, see the problem in its proper perspective."

"Very sincerely yours,

W. B. BIZZELL,
President."

Another Vernon Case.

It Proves That There's A Way Out for Many Suffering Vernon Folks. Just another report of a case in Vernon. Another typical case. Kidney ailments relieved in Vernon with Doan's Kidney Pills.

W. C. Ferguson, North Bowie St., Vernon, says: "When I first began using Doan's Kidney Pills my back and kidneys were in bad shape. I do not really know the cause, but there was a soreness across the small of my back and I was so lame all the time I could hardly stoop over. When I bent over, sharp pains would dart through my back and loins. I also suffered from dizzy spells, and my kidneys were weak and irregular in action. I was advised to use Doan's Kidney Pills. After taking a few boxes of Doan's I was in fine shape. I use Doan's occasionally and they keep my kidneys in good condition."

Card of Thanks.

We take this means to thank our many friends for the great amount of sympathy and kindness bestowed upon us at the time of the death of our daughter and sister, and especially do we desire to express our appreciation for the beautiful floral offerings. It is our hope that each of you who were thoughtful of us will have as many friends to minister unto you when you are called upon to bear a sorrow such as ours.

MR. AND MRS. E. A. GELHAUSEN, and family.

Doll Drinks Fruit Juice.

A novel advertising plan is being exhibited in the show window of Perkins-Timberlake Dry Goods Company. A doll has been placed in the space and holds in one hand a bottle of fruit juice and in the other a glass. At regular intervals it pours a portion of the fluid into the glass and drinks it. The contrivance is so arranged that the liquid passes through the glass down the doll's arm, behind its back, and into the bottle again.

Has Two Parties.

Mrs. Herbert Farrell entertained with a "42" party yesterday afternoon and with another one this morning at her home on South Main street. A dainty salad course was served the guests.

Mrs. J. O. Bonar of Brownsville, Texas, and Miss Ruby Williams of Wichita Falls are visiting at the home of Mrs. J. T. Williams.

Judge and Mrs. E. L. McHugh and Mr. and Mrs. A. M. Bourland returned Sunday from Fort Worth where they attended a State convention of county judges and commissioners. Commissioners McCall and Beebe returned the latter part of last week.

WOMAN PROSECUTOR IS NEW NEMESIS OF 'WETS'

Miss Mary Dolly Bailey, the first woman to be named Assistant United States District Attorney, declares the violators of the Prohibition law will be summarily dealt with if she has charge of the prosecution of their cases.

THEFT INSURANCE CLASSES LIMITED

COMPANIES WILL ASSUME LIABILITY ONLY WHERE ENTIRE CAR IS TAKEN.

Insurance companies of Texas will no longer assume liability for theft of certain extra equipment on automobiles, according to advices reaching Vernon agencies. It is pointed out that trifling losses have become so numerous and unreasonable that they have been a source of a tremendous cost in time and money to insurance companies.

These regulations were put into effect June 20 and were made by a joint insurance board sitting for the entire State. Formerly the insurance companies made themselves liable for any parts taken from cars, but hereafter the responsibility will apply only where the entire car is taken. However, in the event a car is stolen and after recovery it is found parts are missing, these will be replaced by the companies holding the insurance.

Public Liability Cheaper. The new rulings will not affect policies issued prior to June 20. A reduction favoring the policy holder is one in regard to public liability which is approximately one-third cheaper than last year. No difference is made in the charge for fire and theft insurance.

An increase has been announced in the collision clause of automobile policies. Under the old system a reduction of forty per cent was made in the charge for collision when a full cover was taken out on a car. With the new rates no allowance is made.

Local insurance agents anticipate a boosting in rates in the near future due to the reclassification of Vernon from country territory to the class of larger cities.

Card of Thanks.

We wish to express our sincere thanks to the many friends who so generously bestowed their help and sympathy during the illness and at the death of our husband and father, J. M. Morrison.

MRS. J. M. MORRISON and family.

Mrs. R. D. L. Killough and daughter Josephine left Sunday for Boulder, Colo. They were accompanied on the trip by Mrs. S. A. L. Morgan of Wichita Falls.

IT'S ICE COLD, MISTER AND IT COSTS A NICKEL

"It's ice cold, Mister, right off the ice—a nice cool drink?" The half-thunderous half plaintive cry mingled with an attempted air of bravado and assurance is greeting the pedestrian in nearly every city in this broad land. It is the sales talk of Young America who relies not on printed pages or billboard posters to advertise his wares, but puts his faith in the lusty young chords with which Nature endowed him.

"'Mon, Mister, it's only a nickel!" When all other pleas for patronage have failed the appeal is made to the mercenary character of man. It is the instinctive reliance on a principle which sways the policies of merchant princes in every land, giving the public the greatest amount for the least output of money.

So the pink and yellow pop merchant, ensconced behind his tattered and wobbling stand fashioned by boyish hands unversed in the finer points of hammer and nails, sends forth the cry: "A nice, cool drink for only five cents."

Vernon Has Quota.

Vernon has its quota of embryo merchants who occupy points of vantage on the principal traveled highways. Packing case tops, parts of an old and discarded tent, the flimsy of what was once mother's best blanket—all have been deftly and ingeniously joined by nail and thread until the finished product is a wonder to behold. It mat-

tets not that the driving winds whip and worry at one loose end that there is only a temporary suspension of business when Jimmie bounds too enthusiastically on the counter and sends it clattering to the ground—it is all credited to profit and loss in a whole souled effort to dispose of wondrous hued soda pop and garner the great American nickel.

Hand mixed paint, a concoction of charcoal and water, fashioned by the master mind of the business, proclaims to the world that it is "ice cold" and can be purchased for the ridiculously small sum of five cents. The proclamation is emblazoned upon the front of the stand where even the most indifferent may be caught by its lurid display and lured into a realization of the bargain that has thus suddenly been thrust upon an unsuspecting public.

No Waste In Business.

Soda pop days. They are the products of a combination of summer, instinctive merchandising aspirations, and a desire to rival Croesus in wealth. There is no dealing in futures, no overhead expenses, and no waste stock. There exists not the remotest possibility that goods must be carried over until the next year for when business becomes unmistakably depressed, drooping spirits are revived by a joyous consumption of the wares so scorned by

the general public.

"Just a nickel, Mister, and it's ice cold!" The cry is universal in its appeal. It greets the pedestrian on the roaring thoroughfares of New York City, it hails the wayfarer in far away Oregon. On the borderland of Canada, even, where Old Sol exerts with less intensity his warmth of feeling, the traveler pauses at noon tide as he hearkens to the call of the soda pop vendor. And in the Southland, where sun beats hot and warm winds blow, there is a mopping of forehead, a fanning with hat as "Mister" leans on the improvised counter and orders grandly an entire "nickel's worth."

WARNS BUSINESS FIRMS TO REGISTER TRADE NAMES

The period allotted businesses for the registration of trade names is shortening rapidly, according to Miss Verna Lucky, county clerk, and under the provisions of the law there is a penalty for failure to comply with the measure within the time set. About two weeks remain of the period extending thirty days from June 12.

Firms operating under any assumed name, style, corporate or otherwise, are required to observe this law. If a firm sells its interests, the new owner or owners must obey the mandate, law disoathes Jash rporchren 1

CASH & CARRY

RUMMAGE SALE TO AID CHARITY FUND

PROCEEDS FROM RED CROSS PROJECT WILL BUY MILK AND ICE.

Friday and Saturday, July 1 and 2, have been set by the local chapter of the Red Cross as days to conduct a rummage sale for the benefit of the Vernon free milk and ice fund. The enterprise will be carried on in the store of the Slinger building, formerly occupied by Baker Bros. Drug Company.

Everyone is urged to assist the sale by sending any usable and salable articles and by purchasing something in return. Committees have been appointed to take charge of the work.

On the executive committee are Mrs. J. N. Johnson, Mrs. N. R. Heath, and Mrs. J. E. Lutz. A committee from the Home Science Club will solicit the southeast portion of town, one from the Culture Club the southwest portion, a Delphian committee the northeast portion, and representatives of the W. C. T. U. the northwest portion of Vernon. Mrs. Paul Goetze and Mrs. P. E. Phillips will have charge of solicitations from the business district. Chairmen of committees are the following: Miss Iva Works, automobile committee; Mrs. George Backus, sales force; Mrs. Alf Hills, hall committee; Mrs. Will Colley, cashier; Mrs. Rupert Sewell, candy booth; and Mrs. L. A. Hollar, market.

Mr. Brown of Floyd-Brown Motor Co. of Quanah was in Vernon yesterday.

KEEP THE GARDEN PRODUCING ALL THROUGH THE SEASON

Ground Should Be Kept Busy all the Time, Either by Companion Cropping, by Following One Crop With Another, or Successive Planting.

Southern gardens begin to look seedy about June 10, gardens in the Middle States section are in the height of their glory, and the New England gardens are just getting well started. It seems to be a foregone conclusion on the part of most persons throughout the Southern States that southern gardens can be grown only in the spring and in the fall, with a few chance hardy crops during the winter.

The farmer of the middle section plants his spring garden, then gets busy with farm crops, and very little further attention is given the garden, unless the work is done by the women. In the New England States and parts of the northwest where the growing season is quite short only one crop of most vegetables can be grown. In the middle section, however, two crops can often be grown on the same land, and, more important still, a continuous supply of peas, beans, sweet corn, and a number of other vegetables can be had by making successive plantings.

Grow One Crop After Another.

The garden is generally the richest spot of ground on the farm, and for that reason should be expected to produce more than any other similar area. To get maximum production, however, it is necessary to keep the land busy all the time. This can be done in two ways: first, by companion cropping, and second, by following one crop with another or successive planting.

There are a number of crops that lend themselves to companion cropping. For example, where onion sets are planted in rows, say 18 inches between the rows, a row of radishes, spinach, or lettuce can be drilled between the rows of onions and be off the ground before the onions need the space. Spinach, radishes, early beets, or turnips can be planted between carrots, parsnips, and salsify. A crop of

snap beans can frequently be grown between the rows of tomatoes. Radish seeds may often be planted alongside a row of peas, the radishes being pulled out of the way before the peas begin to climb the trellis or bush provided for their support or to spread over the ground. A little later in the season sweet corn or late cabbage can be planted between the rows of early Irish potatoes and make considerable of a start before the Irish potatoes are dug.

In the extreme South a few crops that will withstand the heat should be planted for midsummer use. Swiss chard, while adapted to a temperature climate, does fairly well under southern conditions, and continues to produce greens throughout the greater part of the summer. Bussella, or New Zealand spinach, is adapted for the production of greens during the heated period.

In the middle section, early peas may be followed by late cabbage, late potatoes, late snap beans, beets, or turnips. Early Irish potatoes may be followed by turnips, late snap beans, or by late sweet corn.

Fall gardens should in no case be overlooked, especially from the Middle States southward. Plantings of practically all the early spring vegetables may be made from July to September, according to locality, and be brought to maturity before early autumn frosts. By proper attention to the garden, fresh vegetables may be had through a period of about 10 months of the year in the extreme South and for about 7 months in the middle section. The season for the New England and northwestern sections is necessarily much more limited, but even here the efficiency of a garden can be greatly increased by a careful study and attention to the matter

of companion cropping and successive plantings of certain vegetables.

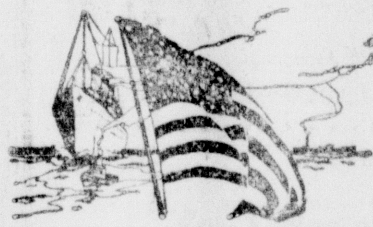

Late cabbage seed should be sown about June 1 in most sections and the plants set in the garden June 20 to July 5. The last planting of sweet corn should be made about 80 days before the first killing frost of autumn may be expected.

Most crops mature in a shorter period in the late summer than in the spring. This is due to the shortening of the days and the tendency of the plant to "hurry up" to produce its seed before winter overtakes it. It pays to take a chance on late plantings of beets, carrots, lettuce, spinach, snap beans, sweet corn and turnips if you like them.

As a rule early or quick maturing varieties are best for late planting. This does not apply, however, to Gold on Bantam corn which does best in the spring. Evergreen or Mammoth Evergreen corn are considered best for late planting.

A Few Tricks Worth Learning. Plenty of fertility in the soil and a little commercial fertilizer will help greatly to push the late crops to maturity. In some sections a little nitrate of soda is used as a top dressing to hurry the plants along.

There are a great many little tricks that should be learned and practiced by the gardener. It is not necessary

Ship and sail under the Stars and Stripes to all parts of the world

THERE was a long period when it was not true, but today it is proudly true once more—trade and passenger routes are so established that you can ship your goods, or you can sail, to any part of the world under the Stars and Stripes.

The program of routes is being carried out with an eye to the future as well as present needs of American exporters and importers and all American prosperity. See that the ships you use are owned and operated by American citizens or by the U.S. Shipping Board.

SHIPS FOR SALE

(To American citizens only) Steel steamers, both oil and coal burners. Also wood steamers, wood hulls and ocean-going tugs. Further information obtained by request.

For sailings of passenger and freight ships to all parts of the world and all other information, write any of the above lines or

U. S. SHIPPING BOARD
WASHINGTON, D. C.

to be a wizard to practise these tricks but just a good, common sense gardener. One of the best of these is the use of a board laid over the row of seeds for a few days after planting to hold the moisture and make the seeds start during dry weather. Another is to flood the furrow with water and allow it to soak into the soil before dropping the seeds, then cover

with dry earth. Slightly backing or firming the soil over the seeds will help to bring the moisture to the surface and make the seeds grow. Garden tricks are easy to perform—try a few and see the results in the form of fresh vegetables for the table—it means better living.

Goodrich Tire Price Reduction applies to all sizes—without reservation

The anti-skid safety tread Silvertown Cord

20% Lower Prices

The Goodrich price reduction which took effect May 2nd was without reservation. It included Silvertowns together with Goodrich Fabric tires and Goodrich Red and Gray inner tubes.

The name of Goodrich on a tire means just one thing—quality. And that quality is always the highest that can be produced.

Each tire is specially designed for the service it must deliver. Goodrich Fabrics, in the popular sizes, have established themselves as unusual values from the standpoint of real economy. Silvertown Cords in their class have always held first place in the esteem of motorists, not only because of their symmetrical perfection of finish, but furthermore, by reason of their long life, complete dependability and satisfactory performance.

Your dealer will supply you at these fair prices:

RED CROSS LOAN CLOSET IS FILLED

FREE MILK FUND ALSO STARTED AND DISTRIBUTION BEGINS TODAY.

The Red Cross Loan Closet was beautifully stored with bed linens, towels, night gowns and baby layettes when the shower for its benefit was held last Wednesday afternoon at the home of Mrs. J. L. Swartwood. About forty women were present and each one brought one or more articles for the Loan Closet, each of which was marked with a small red cross. These things were placed in the custody of Miss Rose Eilmann, county nurse, who will use them in the sick rooms where they are needed.

Initial donations for the Free Milk and Ice Fund were also taken Wednesday afternoon to the amount of \$15.79. This fund will be maintained throughout the summer months for the use of mothers who are not able to buy milk for their children, and it will be augmented from time to time by donations and benefits. When it is possible, the recipients of the milk and ice will be required to pay a small sum within their means for it. If they can afford to pay no more than a cent a pint for the milk that much will secure it for the use of their children, and if they are unable to pay even that amount it will be supplied them absolutely free of charge. Investigations will be made by Red Cross officials and an attempt will be made to give milk to all the children in Vernon who are in need of it. Distribution was started today, milk being purchased from and delivered by the local dairies.

A Vernon nutrition class will be started by Miss Eilmann within a few days. It was announced yesterday. Children will be taken to the Red Cross office and will be given milk and taught the proper way of nourishing their bodies.

Courteous treatment.
Clifton Studio.

B. F. Carruth of Enid, Okla., was in Vernon on business Saturday.

Mr. and Mrs. O. A. Swinburn and daughter, Doris, returned yesterday from Oklahoma City where they have been for a month visiting Mrs. W. E. Mayes and family.

CHAIRMAN OF INTERSTATE COMMERCE COMMISSION

Edgar E. Clark

Edgar E. Clark, who was recently appointed chairman of the Interstate Commerce Commission by President Harding.

WILL COMPETE FOR FINE SWINE AWARD

LOCAL EXHIBITORS TO ENTER EXCELLENT SPECIMENS AT STATE FAIR.

Forty-one Poland China herds have been entered at the State Fair for the honor of exhibiting at the national swine show, and among the Texas breeders competing in the \$22,000 prize classic are A. M. Bourland and M. S. Sharp of this county. They will submit Long Orange, Jr., Sue, and a number of other fine specimens of gilts and sows.

Long Orange, Jr., is a hog of wonderful proportions, and last year took third place in its class against exhibits from three states. Sue is also an excellent specimen and was awarded second place at a Vernon fair. Mr. Sharp possesses a sow of even finer quality than Sue which he will send to the State fair. The local breeders entered but one hog, Long Orange, Jr., at the fair last year.

Is Great Classic.

The Poland China futurity is the great American swine classic. Breed-

ers of this specimen of hog will show this year for a total of over \$22,000 in cash prizes with over 600 exhibits competing for awards and for the honor of representation at Peoria, Ill. in October at the national round up futurity of the national swine show.

Texas has the honor of having been the first State to make the required number of nominations. At the time of the 1920 show twenty-four nominations were made for the 1921 futurity. This action was several months in advance of that of other states.

Steve Maryol went to Quannah Saturday.
